Dear Sir:

Mr. Gordon Arthur Nease, 516 North Cedar Street, Little Rock, Arkansas, called at this office and requested he be given a typing test in order that his name might be placed upon the waiting list should a vacancy occur in the clerical forces of the Little Rock office.

There is being transmitted herewith transcript of the typing test given Mr. Nease on February 4, 1935. He typed the test in just a little less than ten minutes. The only material error appears to be the omission of the letter "o" in the word "police". It is noted, however, that several of the capital letters on the transcript are out of line due to an insufficient pressure on the shift key. Mr. Nease explained that he has been using a much lighter machine than those in use at this office, and that this reoccurring fault was due to the difference in the weights of the carriages.

The Division is respectfully requested to advise this office as to whether Mr. Nease received a passing grade on the typing test being transmitted.

Very truly yours,

E. E. Conroy

FILED

From the oldest written records, we find that personal identification has long been in use. When no other method of identification was known, convicts and slaves were given a particular mark which plainly showed their class. A few hundred years ago the best police forces hired men with good memories who tried to remember the faces of persons charged with crimes so as to be able to recognize them later. Later on, men whose duty it was to preserve law and order began employing better methods of recognizing persons and kept files containing the pictures of thousands of criminals. The identification of such persons forms a large part of the work of preventing and reducing crime. Indeed it is not only the most important means of obtaining the arrest of these persons but it also insures the more certain and just punishment of the guilty. The man who often breaks the law and who has already been convicted of several crimes deserves more severe punishment than the beginner in crime. Only when the past records of men under trial can be fully known, however, can greater punishments be justly given. In most cases, we can not know that a man is a hardened criminal except by means of careful identification.

Never before in the history of the country has the subject of crime been more widely discussed than at the present time. The public mind is awakening to the need of checking the criminal in order that life and property may remain reasonably safe. For a long time the criminal has been encouraged by the indifference of the public to ineffective methods of investigation and prevention of crime. Not only has the criminal widened the field of his attack with great boldness and speed, but he has also organized his work to make it more efficient and profitable. If law and order are to control crime, they must deal quickly and surely with this menace. In the past the public has too often been guilty of considering the criminal a romantic figure and of making him the object of public sympathy. One of the first steps which must be taken is the creation of a sound public attitude towards crime and criminals. Upon this step largely will rest the success or failure of the attempt to reduce crime in this country to the lowest possible level. More than a change in the attitude of the public is needed to solve the problem, however, for changes both in police methods and in the law are essential. The wider use of the methods already known to the police agencies of the various countries would in itself constitute a severe blow to crime.

February 15, 1935.

Director,
Federal Bureau of Investigation,
U. S. Department of Justice,
Pennsylvania Avenue at 9th Street, N. W.,
Washington, D. C.

Dear Sir:

Reference is made to Bureau letter of February 13, 1935, which set forth that Gordon Arthur Nease, Typist Applicant for a position in the Little Rock office, had attained a satisfactory rating in the typing test afforded him.

Mr. Gordon Arthur Nease called at this office and was personally interviewed by me. He stated he was twenty-one years of age, born in Fayetteville, Arkansas, January 15, 1914. He was baptized in the Central Methodist Church at Hot Springs, Arkansas, about Easter Sunday of 1924 or 1925; this information having been obtained in order to properly fix the date of his birth. His father is William Arthur Nease. His mother's maiden name was Nancy McCoy. They reside at 516 North Cedar Street, Little Rock, Arkansas.

The applicant's schooling, as given by him, was as follows:

Grammar Grades--North School, Fayetteville, Arkansas, first grade and first half of the second grade, 1920 and 1921. First Ward School, Hugo, Oklahoma, second half of the second grade, and third grade, 1922 and 1923. Jones School, Hot Springs, Arkansas, fourth, fifth, and sixth grades, 1923 to 1926.

Junior High School--Hot Springs Junior High School, seventh grade, 1926 and 1927. Pulaski Heights Junior High School, Little Rock, Arkansas, eighth and ninth grades, 1927 to 1929, graduating in the latter year.

High School--Little Rock High School, tenth, eleventh, and twelfth grades, 1929 to 1932. Attended for two and one-half years, graduating in January, 1932.

College--Little Rock Junior College, one semester, fall of 1932.

Business College--Started attendance at Draughtons Business College, Little Rock, Arkansas, on February 1, 1933, and has attended intermittently while not working; has been taking a combined course, secretarial

with accounting. He has about six weeks to two months to complete his work at that institution.

The business experience of the applicant, as given by him, is as follows:

He was employed as a clerk in the Safeway Grocery Company, Little Rock, Arkansas, from January to September, 1932, at \$14.00 a week, and from March, 1933, to January, 1934, at \$15.00 a week. He was employed as a bookkeeper with the Safeway Grocery Company from November 15, 1934, to January 15, 1935, at a wage of twenty-five cents per hour, which amounted to about \$2.00 per day. For eight days his employment was that of relief manager at a salary of \$35.00 per week. The applicant was employed by Stebbins and Roberts Paint and Paper Company, Little Rock, Arkansas, from March 1, 1934, to July 3, 1934, at a salary of \$14.00 per week. He did a little general office work with that company, but his general employment was that of a clerk, selling paint. The applicant was also employed by the Sterling Department Store, Little Rock, Arkansas, selling shoes on Saturdays, from July, 1934, to November, 1934, at a wage of twenty-five cents per hour. He was employed about ten or twelve hours each Saturday. During the time that he attended high school he worked for the Safeway Grocery Company on Friday evenings and on Saturdays. The amount of wage varied from \$1.50 to \$4.00 for each week-end. He also had other jobs during the time he attended high school.

The applicant stated that he has never been arrested; that he has never been a defendant in a Court action; that he does not indulge in intoxicating liquors; and that swimming is his favorite sport. Through conversation with him it was ascertained that the material he reads is of an elevating nature. He states that he is willing to accept employment any place in the United States and is willing to accept any type of employment with the Bureau, such as messenger, clerk, typist, or stenographer.

The applicant is a brother of Miss Dorothy Nease, typist at this office. She is the only relative he has in the Government service.

The applicant is a tall young man, six feet, one and one-fourth inches in height. He weighs about 150 pounds. He is a blonde. He presents a neat appearance. He impressed me as being an intelligent young man, who would make a very acceptable employee.

The applicant is submitting a regular application in the immediate future. After the submission of that application, a regular character investigation will be conducted with view to placing him upon the eligible list of clerical employees at this office.

E. E. Conroy,

REFERENCE: Letter from the Little Rock office to the Bureau, dated February 15, 1935.

DETAILS:

Mrs. Annie Lang, secretary to the Principal, Pulaski Heights Junior High School, Little Rock, Arkansas, advised applicant enrolled in the Pulaski Heights Junior High School in September, 1927, graduating therefrom in 1929. Mrs. Lang advised Nease was an above the average student, ranking in the highest twenty per cent in the class, and that his citizenship grade--based upon effort, attitude, courtesy, self-reliance, obedience, and trustworthiness--was an "A", which is an excellent grade; that the applicant was neat and cleanly in his personal appearance and habits, and a very studious and reserved boy; and that she would not hesitate, upon his record at the Pulaski Heights Junior High School, to recommend him for any position which he sought, and felt that he would make an excellent employee. Mrs. Lang advised that the enrollment card of applicant, which shows the date of his birth, had been forwarded to the Little Rock High School and would be in the records at that school.

Arkansas, advised that her records reflected that Gordon Arthur Mease enrolled in the Little Rock High School in September, 1928, giving his date of birth as January 15, 1914, and graduated therefrom January 23, 1932, receiving his high school diploma at that time, completing the standard high school course in one semester less than the required time. Mrs. Opie stated that he was an above the average student, very industrious, studious, and very neat in his manner and demeanor; that during his last year in high school, he was one of the study hall monitors in charge of the honor group, in 1931-1932, which honor was only bestowed upon outstanding students, and that he had made a very good record while acting as monitor and had been able to handle the students under him without any difficulty. Mrs. Opie stated that the school authorities never had any difficulty with the applicant and he was never called to the office for criticism of any kind; that he never participated in extra-curricular activities, but usually worked after school and on Saturdays; that his associates were boys and girls of the highest type and the applicant was neat and cleanly in his personal appearance and habits and well liked by all the students with whom he had contact. Mrs. Opie advised that the applicant took bookkeeping and typewriting while in high school and made above the average grades in each of these subjects. Mrs. Opie further advised she would not hesitate to recommend Gordon Arthur Mease for any position which he sought and it was her opinion he would make an excellent employee.

Dean E. C. Brothers, Little Rock Junior College, Little Rock, Arkansas, advised his records reflected the applicant enrolled in the Little Rock Junior College in September, 1932, and his enrollment card reflects the date of his birth as January 15, 1914; that the applicant only attended one semester. Dean Brothers advised the applicant did not pursue any extra-curricular activities, but it was his opinion that the applicant was working during the time he attended Little Rock Junior College, both in the afternoons and on Saturdays; that he was considered a boy of excellent reputation, character, and morals, was well liked by all who knew him, and never gave the school authorities any trouble whatever. Dean Brothers advised he did not know a great deal about the applicant or his family, but understood they were people of excellent reputation and character, and that from the little he knew about Mease, he would not hesitate to recommend him for any position which he sought.

Mr. J. T. Vetter, Draughons Business College, Little Rock, Arkansas, advised the applicant enrolled February 5, 1934, for a secretarial course, taking bookkeeping, typewriting, and shorthand; that he finished bookkeeping and was able to take dictation at the rate of one hundred words per minute; that in typewriting, he is able to type forty-seven words per minute, net, international contest rules; that during the time applicant was enrolled in school, he was an excellent student, never failed to have his work up, and was never sent to the office for anything, and has attended Draughons Business College intermittently since that time, when not working, and is at present taking a course in higher accounting. Mr. Vetter stated that the applicant was very industrious, quiet, and reserved in his demeanor and was one of the most capable young men he had in his school, and that he would not hesitate to recommend him for any position which he sought, as he considered him a young man of excellent character, reputation, and morals, and one who would put forth every effort to succeed in whatever he did.

A. H. Stebbins, Jr., Manager of the Stebbins and Roberts Paint Company, Little Rock, Arkansas, advised the applicant worked for them from March 1, 1934, to

July 3, 1934, at a salary of \$14.00 per week; that the applicant performed a little general office work and also worked as a salesman. Mr. Stebbins stated that the reason the applicant had been let out was that their business fluctuated during the seasons and it was necessary to cut down their force at times. He stated, however, that while the applicant was a young man of excellent reputation, character, and morals, reliable and honest, that during the time he worked for them, he did not exhibit a great deal of initiative, but was a very willing worker when told what to do.

George Corbett, manager of the Sterling Department Store, Little Rock, Arkansas, stated the applicant worked in the shoe department from July, 1934, to November, 1934, at a wage of thirty cents an hour, working as an extra clerk in the afternoons and on Saturdays, making the sum of \$3.00 per day on Saturdays; that he considered him to be a boy of excellent character and reputation, neat and cleanly in his personal appearance, and made a good impression on the customers. Mr. Corbett advised applicant was a good salesman. He said he considered Nease to be reliable and trustworthy in every respect, and that he quit working for them to look for steady employment. Mr. Corbett stated he would not hesitate to recommend the applicant for any position which he sought and that it was his opinion he would make an excellent employee.

Mr. A. F. Bollschweiler, office manager, Safeway Grocery Company, Little Rock, Arkansas, advised that the applicant began work for them during November, 1934, and worked until January 15, 1935, as a bookkeeper, and that he still works for them occasionally on Saturdays; that he was only employed as an extra helper as they had no necessity of a steady man in his capacity. Mr. Bollschweiler stated that while the applicant was "green" and had no practical experience, he was a very willing worker, was industrious, and would, in his opinion, have made an excellent employee for them if they had an opening; that he was neat and cleanly in his personal appearance and habits, on time in reporting for work, and very prompt in getting out his work; that the applicant has also worked for them on Saturdays in their retail stores in Little Rock since 1931, off and on, and, in his opinion, would make an excellent employee for the position sought, and he does not hesitate to recommend him.

Dr. R. M. Blakely, 423 Exchange Bank Building, Little Rock, Arkansas, stated that he has been the family doctor for A. A. Nease's family since 1926 and considers them to be a family of excellent reputation and character; that they are very responsible and prompt in the payment of their bills; and that during the time he has attended the family, he has never heard anything derogatory regarding any member of the family, and he regards the applicant as a young man of excellent character, reputation, and morals. Dr. Blakely said the applicant is a boy of good health; that since he has treated them, he has never known of the applicant being sick more seriously than having a severe cold; that the entire family is very healthy; that they are a very quiet family, reliable, honest, and well thought of by all who know them; that the applicant has two sisters and one brother, one sister older than he, and one sister and one brother younger than he. Dr. Blakely stated he considered A. A. Nease, father of applicant, a man of excellent character and reputation, and that the applicant himself was a young man of excellent character, reputation, and morals, and that he would not hesitate to recommend him for any position which he sought.

Reverend Marshall T. Steele, pastor of the Winfield Methodist Church, Little Rock, Arkansas, advised he has known the applicant and his family for the past eighteen

months and regards them as a family of excellent reputation and character. Reverend Steele also stated that the applicant has been very active in church work since he has been pastor of the church and has taught a Sunday School class; that his associates, since he has known him, have been young men and women of excellent character and reputation, and the applicant is at present very much in love with a young woman who is also a member of his congregation, and who is of excellent reputation, character, and morals; that he has never heard anything derogatory either about the applicant or about any member of his family and would not hesitate to recommend him for any position which he sought.

For the information of the Bureau, it will be noted that past investigations have revealed that there are no birth records kept at Fayetteville, Arkansas, at which place the applicant was born. Inquiry at the Bureau of Vital Statistics, State Capitol, Little Rock, Arkansas, revealed that there were no records kept prior to 1914 and there is no record at that Bureau of this applicant's birth on January 15, 1914, at Fayetteville, Arkansas.

General inquiry among neighbors of applicant and his family, who live at 516 North Cedar Street, Little Rock, Arkansas, revealed that the Nease family is well thought of by everyone who knows them and are considered to be a family of excellent reputation and morals, industrious, quiet, and reserved in their demeanor. The applicant, however, is not well known to the neighbors, but they state they have never heard anything derogatory about the applicant or any member of his family.

B. A. Moore, 517 North Cedar Street, Little Rock, stated he had known the Nease family for several months and considers them to be a family of excellent reputation and morals; that he regards the applicant as a young man of excellent character and reputation and one who is very interested in succeeding, and that he is an energetic and always looking for work at anything he can get.

Mrs. Addie Borenflow, 514 North Cedar Street, Little Rock, stated she had known the Nease family for several months and considers them to be people of excellent reputation and character; that while she does not know applicant very well, she has never heard anything derogatory to him.

The following investigation was conducted by Special Agent W. A. Taylor:

Mrs. Julia B. Corley, secretary, First Methodist Church of Hot Springs, Arkansas, was interviewed. She said the First Methodist Church of Hot Springs was formerly known as the Central Methodist Church. Mrs. Corley made a search of the church records in her custody, but was unable to locate the baptismal record of applicant. Mrs. Corley stated this did not necessarily indicate that applicant had not been baptized in that church nor that there had not formerly been a record of the baptism, as she advised the present records had been compiled by her from available data several years ago and were far from complete.

Mrs. Earl Housley, Principal, Hot Springs Junior High School, upon interview, produced a scholastic record reflecting that Gordon Nease, son of W. A. Nease, born January 15, 1914, at Fayetteville, Arkansas, enrolled in that school September 15, 1933, from the Jonas Grade School, Hot Springs, and on May 27, 1937, discontinued.

The record indicates that applicant entered the low seventh grade and passed to the high seventh grade in the mid-year term, and on May 27, 1927, was promoted to the low eighth grade. His scholastic grades were slightly better than average and he did not fail in any subjects. Mrs. Housley estimated that his average grade was approximately 80%, and stated that he held a place in the upper bracket of the class. The record reflects no disciplinary action for tardiness, deportment, or any other delinquencies.

Inquiry at the Retail Credit Bureau, Little Rock, Arkansas, revealed there is no record at that place of Gordon Arthur Mease, the applicant, but his father, W. A. Mease, bears an excellent credit rating.

Inquiry at the Police Departments of Little Rock and North Little Rock, Arkansas, revealed the applicant has no criminal record and has never been arrested by either of those departments. Inquiry at the Sheriff's Office, Pulaski County, Little Rock, Arkansas, revealed the applicant has no criminal record at that office.

2

The aim of the Executive order of June 18, 1923, and of this examination thereunder is to obtain information as to the physical condition of appointees to the classified civil service with a view to promoting efficiency and minimizing accidents and claims under United States employees' compensation laws.

NOTES FOR EXAMINING PHYSICIAN

WEIGHT: Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed but without wrap or hat.

HEIGHT: Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations, as to—

- (1) EYES: Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses.*
- (2) EARS: Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.
- (3) NOSE: Ability to blow through each nostril. If free, a speculum examination would not be indicated.
- (4) MOUTH: Missing teeth, pyorrhea.
- (5) THROAT: Tonsils, hypertrophy.
- (6) THYROID: Presence of tumor in neck and tremor, exophthalmos; nervous highstrung disposition, especially in women.
- (7) HEART: Murmurs. If valvular disease exists, state whether or not it is fully compensated.
- (8) LUNGS: It is necessary that the auscultatory cough be used. Tuberculosis; if present state whether active or arrested, and if arrested your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.
- (9) INGUINAL RINGS: Hernia, no hernia but impulse on coughing; no hernia or impulse but abnormally large rings. Any other hernia should be noted, and if present describe fully and state whether it is retained by well-fitting truss.
- (10 to 13) Scars, deformities, atrophies, paralyses, or flat foot of such a nature as to incapacitate or become aggravated by work or be later alleged as caused by accident or occupation. By "flat foot," as used in this form, is meant a foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. It is not intended that small, insignificant blemishes which might be referred to as marks of identification be recorded.
- (15) Urinalysis to be made and blood pressure to be taken when especially indicated, particularly in persons over 40 when arteriosclerosis, nephritis, or diabetes is suspected.

Record, if taken—Urinalysis—Sp. gr. 1016 Albumen neg. Sugar neg.
Blood pressure: Mm. Hg. systolic 120 Mm. Hg. diastolic 80
None

Answer all questions in Section I below and sign your name. If in any case your answer is "Yes," call to the attention of the doctor who executes Section II on the back of this sheet for a medical statement of the facts. The medical certificate in Section II must be filled out by a practicing doctor of medicine after he has read your answers in Section I.

A medical examination is given to all persons appointed to the service by a Federal doctor and any disqualifying defects discovered at that time will prevent final approval of your appointment. The doctor who executes the medical certificate in Section II on the back of this sheet should make a thorough examination of you, should answer every question, and should report fully on each defect discovered so that, if correctible, you may undergo remedial treatment, and, if of a disqualifying nature, you may not be put to useless trouble and expense.

Applicants should endeavor to secure a copy of the examination announcement in connection with which application is filed and should call the attention of the doctor to the physical requirements and statement of duties in the announcement before he begins his examination.

IMPORTANT.—ANSWERS TO QUESTIONS IN SECTION I ARE PART OF YOUR APPLICATION AND ARE COVERED BY YOUR OATH IN THE APPLICATION

SECTION I.—TO BE FILLED OUT BY APPLICANT

What was your age on your last birthday? 21 For what examination are you applying? Supplies

Have you now, or have you ever had, any of the following disabilities? (Answer "Yes" or "No." If answer is "Yes," describe fully in the space below.)

Mental disease? no Epilepsy? no Convulsions or fits? no Asthma? no Tuberculosis? noVenereal disease? no Any disease or disability or symptoms thereof, not referred to above?.....Are you a veteran of the United States military or naval service? no Do you, because of disability, receive(a) Pension? no (b) Retired pay? no If answer is "Yes," state (a) Amount.....

(b) Office (giving also its address) from which received.....

(c) Percentage of disability (when known)..... If payment for disability is received from a State, or from other than the Federal Government, give the amount and other information above-requested concerning it.

I certify that my answers above are full and true, and that I answered them before submitting this form to the doctor of medicine who executed Section II. I understand that they are covered by the oath in my application of which this sheet forms a part.

THE MEDICAL CERTIFICATE ON THE BACK OF THIS FORM MUST BE FILLED IN BY A PRACTICING DOCTOR OF MEDICINE AFTER YOU HAVE FILLED IN THE BLANKS ABOVE

TO THE EXAMINING DOCTOR OF MEDICINE:

PLEASE READ APPLICANT'S STATEMENT ON THE OTHER SIDE OF THIS FORM BEFORE BEGINNING YOUR EXAMINATION.

Your certificate constitutes the sole primary basis for the Commission's decision as to whether an applicant would be, from a physical standpoint, a suitable Government employee. If the applicant should be tendered appointment, his entrance on duty is subject to a thorough examination by a Federal medical officer.

A medical certificate which does not give the facts fairly and fully with particular respect to any defects which might affect the applicant's ability to perform the duties of the position which he seeks may cause the applicant to expend money uselessly in connection with a civil service examination and even to travel a long distance to a place of employment, only to be rejected as physically unfit for Federal employment. The earnest desire of the Commission to avoid such a situation explains some apparent duplications in this medical certificate, and your cooperation, therefore, will be appreciated.

Efficiency rules and laws providing for compensation for injuries and retirement benefits make it imperative that the Commission's certificate as to physical fitness be absolutely reliable, and as indicated above, your statement of facts is the principal basis for its decision.

DOCTOR: PLEASE ANSWER THESE TWO QUESTIONS BEFORE EXAMINING APPLICANT

Have you read the physical requirements and statement of duties in the examination announcement in connection with which this medical certificate is required? _____ (Yes or No)

Have you noted the applicant's replies to questions in Section I on the other side of this form? _____ (Yes or No)

DOCTOR: PLEASE MAKE A THOROUGH EXAMINATION OF APPLICANT AND FILL OUT ALL BLANKS BELOW. ANSWER EVERY QUESTION.

All measurements must be made by doctor. Male applicants must be examined without clothing.

Height (without shoes) _____ inches. Weight _____ pounds (in ordinary clothing without overcoat or hat). Weight _____ pounds (male applicants without clothing when examination announcement specifies a minimum weight).

Dear Sir:

There is being transmitted, herewith, oath of office of Mr. Gordon Arthur Nease, temporary Typist employed at this office this date.

There was transmitted to the Bureau this morning, closing report of Special Agent N. E. Marshall, Little Rock, Arkansas, of even date reflecting a complete favorable character investigation of Mr. Nease.

There was also transmitted this morning, fingerprint card with photograph attached of Mr. Nease together with certificate of medical examination executed by Dr. W. V. Pruett, Surgeon, Veterans' Administration, Little Rock, Arkansas.

For the information of the Bureau, Mr. Nease is being placed in the duties of Night Typist. Mr. A. J. Micek who has been handling those duties, is to work during the day on stenographic duties.

Very truly yours,

E. E. Conroy

Dear Sir:

Receipt is acknowledged of your letter of March 1, 1935, transmitting the oath of office of Mr. Gordon A. Nease who entered on duty as a temporary typist to perform night duties effective March 1, 1935. This appointment will expire at the close of business April 22nd, and it is requested that you submit your final recommendation regarding the permanent appointment of Mr. Nease not later than April 3, 1935.

Vouchers submitted for personal services rendered by him should be under Fiscal Control Number 14293 inasmuch as the authorization contained in the Bureau's letter of February 25th is being amended to cover the employment of a typist instead of a stenographer.

It is noted from your letter that Mr. A. J. Micek is now performing stenographic duties. You should, therefore, submit your recommendation with regard to his transfer to a stenographic position, together with the results of an additional stenographic test which should be given him.

Dear Sir:

This is to advise you that Mr. Gordon A. Nease is being recommended for permanent appointment as a typist in your office in Grade Caf 2, with salary at the rate of \$1440 per annum, less five percent deduction under the Economy Act of 1933. However, the temporary employment of Mr. Nease should be continued under the same Fiscal Control Number until such time as his permanent appointment is received in your office.

Very truly yours,

John Edgar Hoover,
Director.

Dear Sir:

This is a thirty day efficiency letter with respect to Mr. Gordon Arthur Nease, temporary typist who entered on duty at the Little Rock office March 1, 1935.

Regarding the existing Bureau rule with respect to the submission of such reports solely by the Agent in Charge, the Bureau is advised that previous to the departure of Special Agent in Charge E. E. Conroy, who will be absent from his office for a contemplated period of one month, Special Agent N. E. Marshall who was designated to act in the absence of Mr. Conroy, was instructed to submit this letter in view of the temporary status of Mr. Nease and in order that the Bureau might have the information reflected herein without undue delay.

Mr. Nease is neat in his personal appearance, possesses a pleasing personality, is amenable to all instructions and accepts criticism in the proper spirit. His work during the past thirty days has consisted chiefly of typing rough draft reports submitted by the Agents in the Field and assisting the Chief Clerk in filing in order that he might become familiar with all the files in this office. He has been instructed, and has helped in a general rather than a technical way, in the care and handling of the firearms and technical equipment in order that he might become familiar with Bureau property of this type. Generally speaking, Mr. Nease's work has been accurately

and neatly performed. Errors in his work have been minor and chiefly matters of form which have been called to his attention and in which an improved condition has been noted.

Mr. Nease has consistently reported to this office during the early afternoon hours each day and the overtime work performed by him has been entirely voluntary on his part. He has shown enthusiasm and interest in his work and has expressed an apparent sincere desire to receive a permanent appointment in the Bureau. He is still attending Draughon's Business College in Little Rock, Arkansas, daily where he is studying shorthand and a general business course which he hopes to complete in the near future.

It appears that Mr. Nease will develop into a valuable employee for the Bureau with more experience and proper supervision.

Very truly yours,

Dear Sir:

With reference to Bureau letter of March 6th, 1935, regarding the authorization of the employment of a temporary stenographer in this office for a period of forty-five days. Please be advised that I consider the condition of the work in this office to warrant the permanent appointment. My views in the matter are substantiated in letter dated March 1st, 1935, from this office to the Bureau, which set forth the very excessive amount of overtime which had been required by other clerical employees of this office during the three months previous.

In connection with the above it may be noted that Mr. Gordon A. Nease is employed in the capacity of a temporary Night Typist, rather than a stenographer. However, Mr. Nease is taking dictation in the office at the present time, although I doubt whether he has yet attained the speed required in the Bureau stenographic test. At the time of his employment he was attending a business college in Little Rock, Arkansas, taking a Secretarial Course. He is continuing his studies during the daytime and is working at night. I anticipate that he will be able to pass the stenographic test within the next two or three months.

Very truly yours,

E. E. CONROY,
Special Agent in Charge.

SAC Conroy states that Mr. Nease, as Night Typist, has performed very satisfactory work and puts in overtime cheerfully; and that he presents a neat appearance, is enthusiastic, and will develop into a satisfactory and efficient employee.

RECOMMENDATION

I recommend no change at this time, inasmuch as Mr. Nease's appointment to a permanent position is pending.

(over)

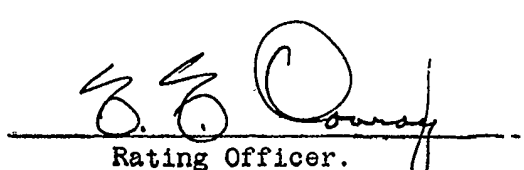

In arriving at the above rating for an employee, consider each of the ten qualifications separately. In the column headed "Grade" give a separate rating between 0 and 100% for each qualification, as explained at the beginning of the sheet under definitions of Inferior, Unsatisfactory, Fair, Good, and Excellent. Then multiply each separate grade given in each separate qualification by the respective number indicated in the column headed "Relative Weight." Extend the figure obtained for each separate qualification into the column headed "Total." Add all the figures in the column headed "Total" and divide this sum by 20 to arrive at the final rating.

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Mr. Nease is employed at the present time as a Temporary Typist. He has been recommended for a permanent appointment in Grade Caf-2, with salary at the rate of \$1,440.00 per annum. He is performing the duties of Night Typist seven days a week at the present time. He is a high school graduate and has attended junior college for one semester. At the time of his employment he was taking a secretarial course in business college. He is continuing his studies and should graduate from business college in about one month. During a recent conference of clerical employees at this office he received a satisfactory grade on a typing test, but failed in a dictation test. However, he takes dictation from the Agents at this office and is displaying a gradual improvement. I anticipate that he will be able to pass the Bureau dictation test in about two or three months. As Night Typist, in addition to taking some dictation he types rough draft reports, handles some of the filing, and performs miscellaneous clerical duties, such as the mailing of Identification Orders. He works overtime cheerfully and generally is at the office early, consistent of course with the attendance at the business college. Mr. Nease is a robust young man, being six feet, one inch tall, and weighing about 150 pounds. He presents a neat appearance. He apparently is enthusiastic about his work. The present indications are that he will develop into a satisfactory and efficient employee. The rating given him is arbitrary, in view of his short period of employment.

If deficiencies or disqualifications have been noted under "Remarks," have you brought them to the attention of the employee prior to the rendition of this rating? Yes

Rating Officer.

I, Gordon A. Nease do solemnly swear that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office of

Dear Sir:

This is being written as a
Special Thirty-day Efficiency Report on Mr. Gordon A.
Nease, who is employed as a typist at this office.

I consider Mr. Nease to be
a promising young man, who attends strictly to his
duties and is very willing to accept such instructions
as are given to him, and he seems to be bent on getting
ahead. He is neat in his personal appearance and applies
himself diligently to his work. It is his purpose, as
I understand, to obtain a position as messenger with the
Bureau at sometime between now and September 1st, so that
he may attend one of the law schools in Washington. I
shall recommend him for that position, should he request
a recommendation.

This young man is bright and
from what I have been able to learn, very clean in his
habits and mode of living.

Dear Sir:

It is my desire to enter law school in Washington, D. C., this coming fall, if it is possible for me to get a transfer to Washington.

At present I am employed in the Little Rock Bureau Office as Typist, grade Caf-2, at \$1440 per annum. I would prefer to be transferred in this status, or if that is not possible, I would be glad to accept any position that may be open in the Bureau at this time.

I have been taking dictation in the Little Rock Bureau Office but have not passed the stenographic examination yet, however, I feel that I can do so after a little more dictation practice.

If possible I should like to be transferred by August 1, 1935, so that I might make any necessary arrangements before the opening of school.

Dear Sir:

Reference is made to Bureau letter of June 11th, 1935, directing me to make immediate arrangements to keep this office open twenty-four hours each day and to that end employ a male typist for duty from 12 o'clock midnight until 8 A. M.

In order that the Bureau's instructions may immediately become effective, pending the employment of a typist, I am directing Mr. A. J. Micek, the male stenographer at this office, to work from 5 P. M., until midnight, at which time he will be relieved by Mr. G. A. Nease, the night typist, who will remain on duty until 8 A. M.

This arrangement can be carried out very effectively for the next few days without any loss in the services of Mr. Micek, as he can be kept busy with the writer's dictation, which will be given to him after he arrives for duty at 5 P. M. and in typing rough draft reports. Sufficient work will be given to Mr. Nease to keep him occupied during the hours from midnight until 8 A. M.

I am carrying out the Bureau's instructions relative to the employment of a night typist and will be in a position to recommend some young man either today or tomorrow. In the meantime the above schedule will be followed, effective today, until the additional night typist is employed, unless Bureau instructions to the contrary are received.

Dear Sir:

Reference is made to Bureau
letter dated June 6, 1935, in regard to any suggestion
I may have to offer which I feel will lead to improve-
ment in the operation of the service.

Regarding disposition sheets, the
following suggestion is made:

In view of the fact that it is
always necessary for a Bureau Office to make disposition
sheets in duplicate, designating one copy for the Bureau
and one copy for the Office files, it is suggested that
in the future, disposition sheets be issued in duplicate,
the original white sheet, such as we now have, for the
Bureau, and a duplicate, printed on yellow copy paper,
for use in making file copies of same.

In my opinion the yellow sheet will
make a neat file copy and readily show that it is a copy
of the original sent to the Bureau.

Very truly yours,

Gordon A. Nease,
Typist.

Dear Sir:

With reference to your letter of July 5, 1935, you are hereby authorized to employ a temporary night typist for a period of 45 days, at \$4.00 per day, with a view to permanent appointment, under Fiscal Control Number 390. This employee will replace Mr. Gordon A. Nease who has been transferred to Washington.

In order to determine whether a passing grade has been received, you should forward to the Bureau, prior to the entry on duty of the applicant, the results of the typing test.

You should advise the Bureau the name, address, marital status, and date of entry on duty of the person selected. The enclosed oath of office and application forms should be executed and returned to the Bureau promptly.

Voucher Form 5½ D. C. should be submitted the first and fifteenth of each month to secure reimbursement for the personal services rendered.

Prior to the entry on duty of a typist under this authorization, all local leads concerning the applicant should be exhausted, and in the event unfavorable information is secured, the applicant should not be permitted to enter on duty. The character investigation must be completed within ten days after entry on duty of the person selected.

[REDACTED]	Caf-2	1440	Very Good	Caf-3	1680
G. A. Kenna	Caf-2	1440	75	Caf-3	1680
T. J. Scott	Caf-2	1440	Good	Caf-3	1680
[REDACTED]	Caf-4	2040	Excellent	Caf-5	2400 *
J. W. Mercer	Caf-3	1620	Excellent	Caf-4	1740
J. A. Sizoo	Caf-1	1260	None submitted	Caf-3	1620
G. J. Ross	Caf-4	1980	Excellent	Caf-5	2400
W. F. Callahan	Caf-2	1440	Very Good	Caf-3	1680
C. W. Whaling	Caf-2	1440	Good	Caf-3	1620
O. H. Patterson	Caf-4	1860	90.85	Caf-5	2100 *
[REDACTED]	Caf-2	1440	Very Good	Caf-3	1680 *
[REDACTED]	Caf-2	1440	Very Good	Caf-3	1680
[REDACTED]	Caf-2	1440	Good	Caf-3	1620

In connection with the recommended salaries with respect to the employees listed above there has been included an increase of \$40 per annum for those employees receiving a rating of "Excellent" or "Very Good" in the last efficiency rating and an increase of \$10 per annum for those employees who are being re-allocated from grade Caf-4 to Caf-5 inasmuch as the net increase in Caf-5 is \$170 instead of \$40.

* Messrs. [REDACTED] and O. H. Patterson were granted administrative increases on August 14, 1935, and W. F. Callahan on August 1, 1935, and for that reason further administrative increases are not being recommended at this time.

MEMORANDUM FOR MR. SONENBORGER, APPOINTMENT CLERK

Receipt is acknowledged of Mrs. Planley's memorandum of January 21, 1935, advising that increases in salary for certain individuals have been cancelled in view of the fact that efficiency ratings have not been received.

Please be advised that these employees were given efficiency ratings in the Field service, and ratings to cover their employment at the Seat of Government have now been forwarded to Miss Waddle. It is therefore desired that letters be prepared transferring these individuals as previously requested.

For your convenience the transfers, which were to be effective December 16, 1935, are listed below together with the dates of the original memoranda.

MEMORANDUM FOR THE DIRECTOR

Re: Physical Examination - H. H. Clegg

On Friday, February 21, 1936, I took a physical examination reporting first to the Public Health Service in the old Post Office Building and subsequently the examination was continued at the United States Public Health Building at 19th and Constitution Avenues.

The doctors assigned to this work in the old Post Office Building apparently are very busy and there are usually quite a number of people waiting for these examinations. We were able to get under way within approximately thirty minutes after our arrival for the examination. A portion of the examination is given and then there are other delays until the eye, ear, nose, and throat doctor can get rid of his patients. Then after another wait, there is a continuation of the examination. I feel, however, that in spite of these waits, they are doing the best they can. I also observed that ^{"g"} Mr. Nease of the Chief Clerk's Office, who performs clerical duties incidental to these examinations, is very much on the alert and makes arrangements to push the Bureau employees through ahead of some of the others who may have arrived even earlier. He is doing a good job and has learned quite a bit of the routine and some of the less technical work he is able to handle himself.

There was not a "spick and span" appearance to the place which, however, might be expected at the old Post Office Building. I noticed them putting the instruments in sterilizers after being used and the temperature thermometer was returned rather promptly to its alcohol container and I believe this is a satisfactory arrangement. Anyone with athlete's foot would spread it all over the place as no inquiries are made with reference to this factor. I have quite an aggravated case of athlete's foot myself and had to call the attention of the examining physician to this fact so that he could place papers on the floor in order to prevent spread of this infection. During a part of the examination of the athlete's foot condition, my bare foot was placed on one of the chairs which, undoubtedly, was subsequently used and I am informed that this is an infection which spreads rather easily. Yet, with all the crowd of people they apparently are examining and the delay that seems to be doing a reasonably fair job as far as cleanliness and precaution are concerned.

67-6524-252

February 21, 1936.

After finishing the examination there, I proceeded by taxi to the Public Health Service Building at 18th and Constitution Avenues. I reported to the dental clinic and it was exactly one hour and two minutes later that I was called in for a dental examination which lasted less than two minutes.

Concerning the examination itself, it seems to be reasonably thorough. It so happens that I have had three physical examinations during the past sixty days and the examination taken at the Public Health Service was, frankly, not as thorough as those which I have recently taken. For example, if there are any digestive disorders, it appears very unlikely that they would be found at the Public Health Service unless some indication should be disclosed by the blood count which, I believe, is good only for rather acute infections such as appendicitis and the like.

I felt you would be interested in receiving information with reference to the conditions under which this examination is given.

There is also attached a physical examination form which is used by the Public Health Service in examining Immigration Patrol Inspector applicants. Attention is particularly invited to the "Summary of Defects" appearing on the last page of the form.

Respectfully,

H. K. CLEGG.

Hon. J. Edgar Hoover, Director,
Federal Bureau of Investigation,
Department of Justice,
Washington, D. C.

Dear Mr. Hoover:

Last week I had as a visitor Dr. Johann Schenk, a prominent attorney of Vienna, Austria, who was anxious to see places of interest in Washington. Because he was limited as to time I suggested a visit to the White House and the Federal Bureau of Investigation. I suggested the latter because Dr. Schenk is a personal friend of the official in charge of finger printing at Vienna, and for that reason, together with the great record which your office has made which has gained world wide publicity, I felt it would be interesting for him to see how your Bureau functions.

Dr. Schenk was amazed at the magnitude of your finger-printing records, the great detail into which the files are broken down, and the speed with which you are able to examine the records and ascertain the identity of a person with only the slightest impression of a finger as a clue. This is indeed remarkable. I personally want to congratulate you on the wonderful progress which the Bureau has made under your direction.

In closing I feel I should say a word of praise in behalf of the young man who served as a guide on our tour. I believe his name was Nease. He knew his job from a to z, never hesitating to answer any inquiries. As we left the building Dr. Schenk remarked "That young man certainly seemed to know what he was talking about." Another thing that impressed him was the courtesy and alertness of everyone in the Bureau including your very efficient receptionist [redacted] I want also to thank those who made it possible for a special guide to be assigned to us. This courtesy I want to assure you is deeply appreciated.

My dear Mr. Nease:

I am writing you to tell you what a pleasurable afternoon we spent with you in the Department of Justice. Our visit there ranks first with most of the group.

There has been a great deal of comment since we returned and yesterday evening a teacher from Daleville asked me to write you for permission to visit with you on April 21 in the afternoon. His group will be made up of their 30 graduating seniors and four adults. I will appreciate it very much if this arrangement can be made. He has never been in Washington and I am planning his trip for him.

You can send permission to me or to him if you prefer so to do. His name is Daleville, Indiana.

Dear Mr. Nease:

I want to express to you not only officially but personally my appreciation and commendation of the excellent manner in which you participated in conducting the tours of the Boy Scouts here in Washington during the Jamboree.

I well realize that this was the largest group the Bureau ever undertook to conduct through the FBI. If it had not been for the patience and interest shown by the various tour leaders in these young men I am sure their trip to Washington would have been somewhat disappointing. It is most gratifying to receive comments as to the excellent manner in which these groups were handled and the patience which the tour leaders demonstrated in order that the entire functions of the Bureau could be explained to these young men in detail.

May I therefore express to you my sincere thanks and appreciation for the manner in which you handled this work.

MEMORANDUM FOR MR. TOLSON

Re: GORDON A. NEASE

In accordance with instructions received from Mr. Tracy, there is shown hereunder a brief resume of the personnel file of Mr. Gordon A. Nease. This employee entered on duty as Night Typist at Little Rock, Arkansas, on March 1, 1935, at \$1440 per annum and is at the present time engaged in conducting tours at a salary of \$1800 per annum.

A thirty-day efficiency report was submitted on April 2, 1935, by Mr. Conroy, in which he stated that Nease's work was accurately and neatly performed and that he reported to the office during the early afternoon hours each day and voluntarily performed overtime.

On May 25, 1935, Mr. Shivers submitted a thirty-day efficiency report, in which he stated that Nease applied himself diligently to his work and desired a transfer to Washington as Messenger in order that he might attend a law school. Mr. Shivers transmitted a letter under date of June 18, 1935, in which Mr. Nease requested this transfer and on July 21, 1935, he was assigned to the Chief Clerk's Office as a clerical employee.

On February 21, 1936, Mr. Clegg prepared a memorandum for the Director relative to physical examinations, in which Mr. Clegg stated that he observed that Mr. Nease, who performs clerical duties incidental to these examinations, was very much on the alert and made arrangements to push the Bureau employees through ahead of some of the others who may have arrived even earlier.

Mr. Nease's services in the Chief Clerk's Office were entirely satisfactory and during the past few months he has been engaged as a Tour Leader. His file discloses several favorable comments made to the Director by outsiders whom Mr. Nease has conducted on these tours. On July 16, 1937, the Director complimented Mr. Nease by letter for the excellent manner in which he participated in conducting the tours of the Boy Scouts here in Washington during the Jamboree.

MEMORANDUM FOR MR. TAMM

I would like to respectfully call to your attention an incident relative to Irving Charles Chapman, WA, subject of Identification Order #1456, entitled Bank Robbery and National Motor Vehicle Theft Act.

While residing in Little Rock, Arkansas, I frequently patronized a barber shop located in the suburb of Pulaski Heights at what is known there as "Country Club Station" and the barber shop is called the Country Club Barber Shop and was at one time operated by a young man by the name of Gary Hockersmith. During the summer or fall of 1934, I was patronizing this shop, and as one sometimes does, I was discussing current topics of interest with the barber. This was during the time Chapman was in difficulty in Arkansas and our conversation drifted to his activities, and this barber stated that at one time he had been employed by Chapman in the contracting business and that they had become quite good friends, that some weeks before this conversation took place, Chapman had come into his shop and that he had greeted Chapman and that Chapman had called him off to one side and instructed him not to call him by name as he was not using his real name at that time. He stated that Chapman had merely dropped in to say "hello".

In regards to the name of the Barber referred to above, the writer is not definitely sure that his last name is Hockersmith but is sure that his first name is Gary. In the event this man is not still in business at Country Club Station he might be located by inquiry among the various business houses located at that point as he had worked in that location for several years and was a well thought of and well liked person. He was at one time associated with a Mr. Ruth, another barber, at Country Club Station.

My purpose in submitting this memorandum is that I thought you might be interested in knowing about this matter inasmuch as this barber might still be working in Little Rock and that Chapman might attempt to contact him again.

Respectfully,

Gordon A. Nease.

Dear Mr. Nease:

I have noted your memorandum dated September 18, 1937, in which you call attention to a conversation between you and a barber in Little Rock, Arkansas, at which time the barber indicated that he was acquainted with Irving Charles Chapman and in which you suggest that this barber might be in possession of information relative to the location of Chapman whose apprehension is now desired by this Bureau.

I want to express to you my personal thanks for calling this matter to my attention and to assure you that an appropriate investigation will be conducted immediately. Please do not hesitate to submit any suggestions which may occur to you at any time, as it is believed that suggestions submitted by the personnel of this Bureau have contributed immeasurably to the success of the Federal Bureau of Investigation.

With reference to the note left on Miss Gandy's desk concerning Mrs. Tamm's condition the writer would like to advise that he contacted Mr. Nathan who advised that he, Mr. Nathan, had talked with Mr. Tamm's mother who had informed him that Mrs. Tamm was being brought home yesterday. When this information was secured it was immediately taken into the Director's office and it was ascertained that the Director had just left for the evening; therefore this note was kept on the writer's desk until about 6:35 last evening. At approximately 5:30 yesterday afternoon, Mr. Tamm called in and inquired if everything was in order, and the writer advised him that everything was in order and also inquired concerning Mrs. Tamm. Mr. Tamm advised that the Doctor's at the hospital had done everything possible for Mrs. Tamm but to no avail and that they had taken her home around noon yesterday and were going to take her again to the hospital last night. This information was added to the above-mentioned note and inasmuch as the Director had not called in at 6:35 last evening, the writer prepared to leave and placed this note on Miss Gandy's desk for her attention when she arrived at her office this morning.

Dear Mr. Nease:

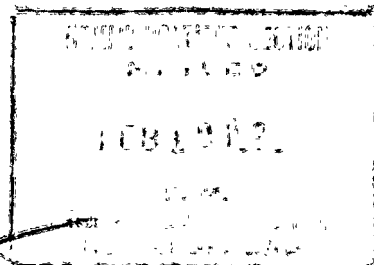

I want to thank you for your memorandum dated February 1, 1938, in which you advise me, under personal and confidential cover, of the administrative deficiencies existing in the Little Rock Office. I was very glad to observe your interest in the promotion and welfare of the Bureau as indicated by your memorandum, and I assure you that the matters set forth will receive my attention.

Permit me to express to you my appreciation for the interest manifested by you in submitting this information to the Bureau.

Sincerely yours,

John Edgar Hoover,
Director.

MEMORANDUM FOR THE DIRECTOR

Re: Re-trainees desiring
to see the Director.

It has been noticed from time to time, that various members of the retraining classes have been putting in requests to see the Director all through the entire period of retraining, which necessitates frequent changes in the Director's appointment books.

On various occasions the Director has found it convenient to see those whose names appear on the books, thus clearing up the entire list, and then the next day there would be several more requests to see the Director. In this regard it is believed that if the names of these individuals had appeared on the books the day previous the Director would no doubt have found it more convenient to have seen them along with the others. On still another occasion two or three of the retrainees waited until about the last day of their retraining period before making a request to see the Director consequently it was necessary for two of these men to delay their departure from the city for a few hours before the Director had an opportunity to see them.

It is realized that in some cases it might be impossible for the agents to put in their requests, in all instances, during the early part of their retraining period, due to un-anticipated happenings, but it is believed that in a majority of the cases the request could be made at an earlier date. It is therefore respectfully suggested that at the beginning of each retraining class it be tactfully suggested that those desiring to see the Director put in their requests at about the same time if possible and at an early date. The writer believes this procedure would relieve the Director of the strain of many last minute interviews.

Respectfully,

Gordon A. Nease.

MEMORANDUM FOR THE DIRECTOR

RE: GORDON A. NEASE
Applicant Special Agent (A)

Mr. Gordon A. Nease, presently assigned to the office of the Director, has applied for the position of Special Agent (A).

During the period of Mr. Nease's present assignment, I have had an opportunity to carefully observe the work of this employee. He is conscientious, sincere, willing and alert. He has a good family background and I am personally acquainted with his two sisters who were employed in the Little Rock Field Division office, one sister resigning recently, having married Special Agent [redacted] b6

I believe that Mr. Nease will develop in the service as a Special Agent and, if otherwise qualified, I recommend favorable consideration of his application.

Respectfully,

S. J. Tracy.

Washington, D. C.
September 3, 1938

To: The Director, Federal Bureau of Investigation, United States Department of Justice, Washington, D. C.

From: Inspector A. H. CROWL

Subject: Report of Interview with Applicant GORDON A. NEASE
for appointment as Special Agent (A).

1. PERSONAL APPEARANCE:

- SEP 13 1938 67-50742 74 5
- A. PERSONAL APPEARANCE AND APPROACH: Excellent. Good. Fair. Poor.
B. DRESS: Neat. Flashy. Poor. Untidy.
C. FEATURES: Refined. Ordinary. Coarse. Dissipated.
D. PHYSICAL DEFECTS, if any:
Underweight. Height 6' 1". Weight 155 pounds.

2. CONDUCT DURING INTERVIEW:

- A. PERSONALITY: Excellent. Good. Fair. Average. Poor.
B. POISE: Well-poised. Steady. Temperamental. Average.
C. SPEECH: Average. Reticent. Talkative. Boastful.
D. ASSURANCE: Self-confident. Fair. Over-confident. Lacking.
E. NERVOUSNESS: None. Slight. Very nervous.
F. FOREIGN ACCENT: None. Slight. Noticeable.
G. TACT: Tactful. Average. Lacking.

3. GENERAL INTELLIGENCE:

- A. Answers general questions definitely. Quickly. Vaguely.
B. Has Applicant studied Federal Procedure? No.
C. Any investigative experience? If so, describe -
Clerical employee of FBI since 3/1/35.
D. Does the Applicant appear to be resourceful? Yes
E. Does the Applicant appear to have executive ability? No
F. Is he likely to develop? Yes

4. GENERAL INFORMATION:

- A. What is his ultimate goal in life, aside from his desire to be connected with the FBI?

To remain with FBI

- B. What are his recreations and tastes?

Tennis and Swimming

5. HEALTH RECORD: Good except underweight.

6. GENERAL IMPRESSIONS OF APPLICANT:

Gordon A. Nease was born at Little Rock, Arkansas on January 15, 1914, is single, and has been in the employ of the Bureau since March 1, 1935. His father is in the Railroad cross-tie and lumber business. He has three sisters, Irma Nease who is a stenographer in the Little Rock Office, Mrs. Dorothy McCabe who is married to Special Agent N. H. McCabe, and a third sister, Wilma, who is a bookkeeper for an Auto Supply Company in Little Rock. He has one brother who is in school.

Applicant received a BCS Degree from Benjamin Franklin University this June, where his grades were very good. He has never been arrested nor a party to a lawsuit, and his debts are being currently paid when due. He has had no practical accounting experience with the exception of about six weeks' work on a ledger, although he was employed in the Bookkeeping Department of the Safeway Stores, Incorporated, at Little Rock, Arkansas from November 15, 1934 to January 15, 1935. Applicant has had some experience with a 22 calibre pistol, shotgun and rifle. He is a proficient typist, can drive an automobile, uses intoxicants only to a limited degree for social purposes and does not gamble.

The Bureau's requirements concerning frequent transfers and dangerous assignments were explained to and acceptable to applicant.

He wears glasses but states his vision was recently tested and he is within the Bureau's requirement. He is underweight, however, being 6' 1" in height and weighing approximately 155 pounds. He has had no serious illnesses or operations within the past several years.

In order to better judge the applicant's qualifications, a fictitious interview was arranged and the results thereof are attached.

A favorable recommendation is being made in the case of this applicant, provided he passes the accounting examination, inasmuch as it is believed that he has possibilities of developing into a better than average Agent. I have come in contact with Mr. Nease when he worked in the Chief Clerk's Office, and I am of the definite opinion that he has possibilities of developing into a better than average Agent with training, provided, of course, he is qualified in accounting as shown by the examination which was afforded him.

Time consumed in this interview: Approximately 20 minutes.

Result of dictation test: Good. Fair. Poor.
Bureau test rating %.

7. Do you consider the Applicant qualified for the appointment he seeks and, if appointed, do you believe he would develop into better than an average employee? Yes.

Instructor.

MEMORANDUM FOR MR. CROWL.

Re: Gordon A. Nease -
Special Agent (A) Applicant.

A supposititious interview was had with the above applicant on September 3, 1938.

On the basis of this interview, this applicant had a good approach, neat appearance, good personality, was well composed, and covered the interview in good fashion except that he could have gone into somewhat more detail. He took immediate advantage of the derogatory lead suggested and followed it out to a logical conclusion. He also took notes throughout the course of the interview. His written report substantially states the information as furnished him by the writer.

On the basis of the interview, it is the writer's opinion that this applicant would develop into a better than average Agent.

Respectfully,

B. T. Carter.

Washington, D. C.

Dear Sir:

Pursuant to the instructions of Mr. A. H. Cowl, the writer proceeded to the Raleigh Hotel where he contacted Mr. B. T. Carter, with reference to a departmental applicant by the name of James Robertson.

Mr. Carter advised that he has known the applicant for the past ten years or more inasmuch as he first knew him in Fort Worth, Texas, and later attended the University of Texas Law School with the applicant. Mr. Carter further advised that he participated in sports with Robertson and to his knowledge, is a very clean sport. Mr. Carter advised that Robertson' was a fraternity brother of his in the Delta Theta Phi legal fraternity and graduated from the University of Texas Law School in the summer of 1936. The writer inquired of Mr. Carter as to the grades made by applicant during his school term. Mr. Carter advised he would consider applicant's grades as average or above average, although he did fail two subjects during his school career. Mr. Carter contributed this to the fact that the applicant was forced to work during the time he attended school.

The applicant is presently employed by the law firm of McLean and Scott of Fort Worth, Texas. His work consisted mostly of briefing civil cases. Mr. Carter advised that Mr. McLean of the firm of McLean and Scott at one time had quite a reputation as a criminal lawyer, but at the present time is rather elderly and about ready to retire and handles mostly probate matters.

Mr. Carter advised that the applicant was a good talker and a ready mixer; that he will go along in a party and is a moderate drinker; Although at one time since Mr. Carter has left Fort Worth, he understands that applicant was involved in a little trouble in a pool hall which is close to the University campus that is frequented mostly by University students. The trouble consisted of the fact that the applicant had had a few too many drinks and broke his hand when he struck a wall. The applicant at that time was celebrating the completion of his final examinations. Mr. Carter was reluctant to give this information until the writer assured him that it would be treated as strictly confidential.

The writer ascertained that the applicant is from 28 to 30 years of age and comes from a rather large family, having three brothers and four or five sisters. His father is a doctor of approximately 70 years of age and is soon to retire.

- 2 -

The writer inquired whether Mr. Carter would recommend the applicant for a position in the Department of Justice and he advised that he believed applicant to be very suitable for this position; that he has known of no trouble the applicant has been in since the time he began private practice. Mr. Carter is presently in the city on business for two or three days and is residing at the Raleigh Hotel during that time. After that time he can be reached at his home in Chicago, Illinois, his address being 7729 North Hermitage Avenue.

Very truly yours,

Gordon A. Nease.

RECOMMENDATION: FAVORABLE

Interviewing official A. H. Crowl reports that applicant's personal appearance and approach were good, his dress neat and his features ordinary. He is underweight, weighing 155 pounds - height 6' 1". He was good in personality, average in speech, self-confident and tactful. He answered questions definitely, appears to be resourceful, does not appear to have executive ability, but is likely to develop. He has had some experience with a .22 calibre pistol, shotgun and rifle. He is a proficient typist, can drive an automobile, has never been arrested nor a party to a law suit, and his debts are currently paid when due. He has one sister who is a stenographer in the Little Rock office, Miss Irma Nease. Another sister is married to Special Agent N. H. McCabe and a third sister, Wilma, is a bookkeeper for an Auto Supply Company in Little Rock. The interviewing official states a favorable recommendation is being made in the case of this applicant, inasmuch as it is believed that he has possibilities of developing into a better than average Agent. He states he has come in contact with applicant when he worked in the Chief Clerk's office and is of the definite opinion that he has possibilities of developing into a better than average Agent with training, provided he is qualified in accounting.

The applicant was afforded a supposititious interview, and Special Agent B. T. Carter reported that it was his opinion he would develop into a better than average Agent.

Dear Sir:

Having filed an application for a position as Special Agent in the Federal Bureau of Investigation, United States Department of Justice, I hereby agree that in the event of an appointment I will be governed by the following conditions:

1. Upon appointment and within ten days after receipt thereof, I shall be required to proceed at my own expense to Washington, D. C., where I will take the oath of office and enter on duty.
2. That said appointment will be on a probationary basis.
3. That my retention in the Bureau shall be dependent upon the performance of satisfactory services, and if my services are deemed unsatisfactory it is understood that my employment may be discontinued at any time and that I will not receive transportation to my home, or to any other point, at Government expense. **SEP 19 1938 67-50942-78**
4. That if appointed I may be sent to any part of the continental or territorial United States that the exigencies of the Bureau's work may require; that my headquarters may be fixed in some jurisdiction other than that in which I have heretofore resided; that my headquarters may be changed as the work of the Bureau may require; and that no transfer will be made from one station to another for personal reasons.
5. That the confidential character of the relations of the employees of the Federal Bureau of Investigation with the public is fully understood by me, and that the strictly confidential character of any and all information secured by me, in connection directly or indirectly with my work as a Special Agent, or the work of other employees of which I may become cognizant, is fully understood by me, and that neither during my tenure of service with the Federal Bureau of Investigation nor at any other time will I violate this confidence, and I agree that I will not divulge any information of any kind or character whatsoever that may become known to me, to persons not officially entitled thereto.

I further agree that nothing connected with this certification is to be construed by me as an assurance that an appointment will be tendered me; that I fully understand all of the foregoing and that the conditions specified herein are agreeable to me; that if appointed I will abide by the foregoing conditions, and I am fully cognizant that the provisions mentioned above are to be complied with and they are to be regarded as a part of my appointment if it is subsequently tendered to me and accepted.

DIRECTOR

September 21, 1938

PERSONAL AND CONFIDENTIAL

Mr. Gordon Nease
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Mr. Nease:

The Bureau is in receipt of the report of the physical examination afforded you by the United States Naval Hospital at Washington, D. C., on September 8, 1938.

This report reflects the following physical defects:

Defective vision - right eye 20/25 -
left eye 20/25; corrected to 20/20
which is normal in both eyes.

Defective hearing - right ear 15/15 -
left ear 5/15.

Deviation of nasal septum, right -
marked.

The Board of Examining Physicians recommends the removal, by operation, of a portion of the deviated nasal septum and advises that you are at the low limit of normal weight. It is thought that you might desire to have your private physician determine the necessity for such an operation and also to advise you as to what steps to take to increase your weight.

The Board states that you are capable of performing strenuous physical exertion and have no defects which would interfere with your participation in raid or other work involving the practical use of firearms.

Sincerely yours,
For the Director

DEPARTMENT OF JUSTICE

WASHINGTON, D. C.

September 19, 1938

Mr. Gordon A. Nease,
Federal Bureau of Investigation,
Department of Justice.

Dear Mr. Nease:

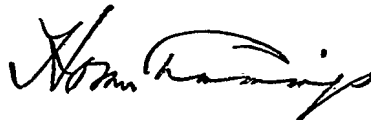

You are hereby appointed a Special Agent in the Federal Bureau of Investigation, Department of Justice, with salary at the rate of \$3200 per annum in Grade Caf-9. You will also be allowed your expenses of travel and operation in accordance with existing regulations, and \$5.00 a day in lieu of subsistence when absent from official headquarters, which are hereby fixed at Washington, D. C., effective with your entry on duty, to which point you should proceed at your own expense in order to assume your official duties. Your headquarters will thereafter be changed from time to time to such places as may be deemed advisable by the Director of the Federal Bureau of Investigation, under whose supervision and instructions you will be employed.

Your salary, expenses, and per diem will be paid from the appropriation for "Salaries and Expenses, Federal Bureau of Investigation", FIELD.

This appointment will take effect when you enter on duty at Washington, D. C.

This letter is not to be considered as operating credentials and is not to be so used. Operating credentials are issued separately.

Respectfully,

Attorney General.

MEMORANDUM FOR MR. TOLSON

RE: GORDON A. NEASE
Special Agent (A) Applicant

Age: 24
Marital Status: Single
Education: B.C.S. - Benjamin Franklin University
Outstanding Endorsers: None

Interviewing Official Crowl recommended favorably concerning this applicant, stated that he was underweight and, further, advised that during his contact with this applicant while employed in the Chief Clerk's office, he had formed the opinion that he had possibilities of developing into a better than average Agent. The supposititious interview was handled by this applicant in a commendable manner. This applicant entered on duty as a Night Typist in the Little Rock, Arkansas, Field Division, on March 1, 1935, was transferred to the Bureau on July 21, 1935, where he was assigned to the Chief Clerk's office until August 4, 1937, at which time he was transferred to the Director's office. This applicant's efficiency ratings while assigned to the Bureau have all been Excellent. He has one sister, Miss Irma F. Nease who was his stenographer in the Little Rock office, and another sister who is married to Special Agent N. H. McCabe. The original character and fitness investigation developed no derogatory information. A former employer advised that he did not exhibit a great deal of initiative but was a very willing worker. This applicant's previous experience was confined largely to working in a grocery store with some slight experience as a bookkeeper. He has had no other practical accounting experience.

Dear Mr. Nease:

You are hereby offered an appointment as a Special Agent in the Federal Bureau of Investigation, United States Department of Justice, in grade CAF 9, with salary at the rate of \$3200 per annum. You will also be allowed your expenses of travel and operation in accordance with existing regulations, and \$5.00 a day in lieu of subsistence when absent from official headquarters, which are fixed at Washington, D. C., effective upon your entry on duty, to which point you should proceed at your own expense in order to assume your official duties.

This appointment is of a probationary character solely, and it is to be understood that it will be necessary for you to demonstrate fully your fitness for continued employment in the Federal Bureau of Investigation. It is also understood that you are to proceed on orders to any part of the country that the exigencies of the service may require. You should therefore arrange your personal matters before taking oath of office that you will be able to accept assignment to any part of the country where your services may be needed.

You should notify this office at once if this appointment is accepted. If it is not accepted in one week it will be cancelled. Should you accept, you are directed to report for oath of office and assignment at 9:00 A.M. on October 31, 1938, to Room 5256, United States Department of Justice Building, Pennsylvania Avenue between 9th and 10th Streets, Northwest.

This letter, which should be considered strictly confidential and given no publicity, should be presented when you report for oath of office.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund and who may lose his life by violence in line of official duty, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10), made payable to the Chief Clerk of said Bureau, to be included in said fund. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping, and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. In the event of a finding that the death was by violence in line of official duty, appropriate instructions will be issued to the Chief Clerk, directing him to pay to the designated beneficiary the full amount of said fund as of the date of death.

The following person is hereby designated as my beneficiary:

MEMORANDUM FOR MR. CLEGG

There is attached a list of individuals who have been appointed as Special Agents in the Federal Bureau of Investigation, and who have been ordered to report to you for oath of office and assignment at 9:00 A. M. on November 1, 1938.

They have been advised that their appointments are tendered for a probationary period, with the understanding that they will be assigned to any part of the country where their services may be needed. They have also been advised that it will be necessary for them to submit to an additional physical examination at Washington, and in the event this examination reflects that they are not capable of performing strenuous duties, or that their vision or color vision is not normal, or that they have any defect which might interfere with their use of firearms, their appointment will immediately be recalled.

It will be incumbent upon you to devote particular attention to training these Agents thoroughly, giving their development your personal attention. Their investigative activities should be carefully watched in order to develop them in such a manner as will make their work creditable to themselves and of value to the Bureau.

Under separate cover there were transmitted to you oath of office forms, personal history sheets, vocation and avocation forms, and designation of beneficiary forms, which should be executed by these newly appointed Agents and returned to the Chief Clerk's Office as soon as possible.

Very truly yours,

John Edgar Hoover,
Director.

PERSONAL AND CONFIDENTIAL

Dear Sir:

Knowing your interest in the welfare of the employees of our organization, I want to bring this situation to your attention.

For the past several months, the increase in volume of work has been great in the Little Rock Field Division. This factor, coupled with various special cases such as the BREKID Harboring, has placed a greater burden on the clerical force in the Little Rock Office.

b6

It is a pleasure for me to inform you that all of the clerical employees have been very faithful in performing their duties and have voluntarily performed overtime when occasion has demanded.

Due to the splendid services rendered, I feel that you might like to commend each employee individually for the spirit of loyalty and interest in our organization exhibited by each. In addition, it occurs to me that you might desire, when consistent, to raise the salary of each of the clerical employees whose names follow:

JAMES H. BERRY, Typist
ANTONIA D. MICEK, Stenographer
" IRMA F. NEASE, Stenographer
" DALE T. ROWLES, Stenographer
[] Typist

In connection with Stenographer ROWLES, it is my recommendation that he be given a sizeable increase. I believe this is justified due to the length of his service in the Bureau, coupled with the fact that he has performed his duties as a stenographer as well as other clerical duties in a highly satisfactory manner. This recommendation is being made, considering the foregoing, and inasmuch as when he was transferred to Little Rock from Omaha, Nebraska, he was left with the impression that he would receive an increase in salary within a reasonable period after his arrival at his new post of duty.

Sincerely,

s/ H.E. ANDERSEN,
Special Agent in Charge

MEMORANDUM FOR MR. CLEGG

Re: Agents in Attendance at
Training School Commencing
November 1, 1938.

As the result of a practical test given to the members of the new Special Agents' training class by Special Agents H. Gordon Wynter and Robert E. Hicks on November 6 and 13, 1938, the following observations are made:

The driving tests consisted of driving in traffic and on the open road and each Agent was required to tail a car for a short distance to test his ability to move quickly and easily in traffic, with the exception of Special Agent D. A. Lidenberger, who was not given this test by reason of the fact that he has not had sufficient driving experience to risk the safety of a car on such maneuvers. To test the powers of observation of the Agents on the open road, they were required to report the license numbers of several cars as the same approached and were passed by the Bureau car.

Special Agent in Charge,
Pittsburgh, Pennsylvania.

Dear Sir:

Special Agent (A) G. A. Nease will complete his course of training at Washington on February 4, 1939, and has been ordered to report to your division for general assignment.

This employee has had no experience in this Bureau in either general or accounting investigations. It is consequently my desire that for a period of three months from the date of his reporting to your division this employee be given general investigative training in the work heretofore assigned to Bureau Special Agents. You should devote your personal attention to the training and supervision of this employee, and at the expiration of thirty days you should transmit the usual thirty-day report, indicating your opinion in detail as to the work and attitude displayed by him. At the expiration of the three-month period a further report should be submitted by you.

At that time, in the event the employee has progressed in the proper manner, it is the Bureau's desire that he be assigned to accounting cases with a competent, experienced Special Agent (A), and receive in this manner both commercial and bank accounting along the line of the Bureau's work in the field.

Further reports should be submitted by you in due course, in order that the Bureau may be fully informed as to the progress of this employee. A report should be submitted to you by the Special Agent (A) to whom this employee is assigned at the conclusion of each investigation, a copy of which is to be forwarded by you to the Bureau.

Very truly yours,

J. E. Hoover

Director.

REMARKS: Here is an enthusiastic, tactful, reliable type of employee willing to accept responsibility. He got off to a rather slow start and then gained confidence. He has a rather easy-going mannerism; is somewhat sensitive; but it is believed he will accept criticism without resentment. It is believed that he can develop satisfactorily in any section of the country, but in areas where there is quite a bit of "heavy" rough types of criminal investigative work would probably develop more rapidly into a good Special Agent.

This Special Agent is enthusiastic, tactful, reliable and willing to accept responsibility. He got off to a rather slow start in the school and subsequently gained confidence. He has a rather easy-going mannerism and his Special Agent in Charge should undertake to set an example of alert physical and mental activity.

I would rate this employee above average in loyalty, neatness, attitude, diligence, mechanical skill, marksmanship, ability to judge physical descriptions, photographic work and as about average in self-control, cheerfulness, arrest technique practice, practical performance in the laboratory, interviewing, self-expression, dictation and general physical qualifications.

GORDON A. NEASE
Special Agent (A)
30-Day Efficiency Report

Dear Sir:

Special Agent NEASE reported to the Pittsburgh Office for assignment on 2-5-39 at 7:35 A. M.

Agent NEASE is neat in his appearance and makes a good impression, though somewhat reserved in his manner and actions.

He has handled cases and leads in uninvolved cases of the following classifications: 7, 26, 31, 47, 49, 73, 76, 77, 82, 86, 87, 88, 91, and 94. He handled these cases in a satisfactory manner.

This Agent has performed his work with vigor and has turned out a good volume of work and handled more than the average amount of work performed by a new Agent. He has exhibited good judgment in the handling of his cases and his reporting and paper work is good. He has displayed enthusiasm and a willingness to learn.

I have had only one opportunity to observe this Agent at pistol practice, at which time he handled himself in a manner which would indicate that he is qualified in the use of firearms. Agent NEASE has a good knowledge of the workings of the Bureau.

As stated, the work this Agent has performed is good and his services are entirely satisfactory, however, in view of the lack of broad investigative experience I am giving him the rating of FAIR.

FIRST QUARTERLY CONFERENCE OF SPECIAL AGENTS

Dear Sir:

The First quarterly Conference of Special Agents of this office was scheduled to be held on March 2, 1933, but due to an emergency situation this conference was postponed until March 27, 1933, on which date the following Agents attended:

Z. R. [redacted]
G. R. DAVIDSON
P. J. DONAGHUE
D. A. [redacted]
G. A. [redacted]
J. F. SEARS

96

b6

Special Agents D. DILLIO, W. H. MAIR, R. J. ROSE, and G. P. RICHIE did not attend inasmuch as they were out of the District on special assignment.

Due to the absence of Agents DILLIO and ROSE from the District the following program was had:

AGENDA

7:00 - 8:15 Written examination and discussion of same.
8:15 - 9:00 Matters of specific interest to the Pittsburgh Field Division SA J. F. SEARS
9:00 - 9:30 Mechanics of arrest. SA P. J. DONAGHUE.
9:30 - 10:00 Bureau Filing System SA G. L. [redacted].
10:00 - 10:30 Discussion of latest developments in Lattin & Levine cases. SA G. A. [redacted] & D. A. [redacted].
10:30 - 10:30 Selling Bureau in police contacts. . SA W. J. [redacted].

10:50 - 11:10 Practical Problem:

You are the only man in the office and you receive a phone call from an anonymous source and a badly wanted fugitive is supposedly at the Greentree Tavern. You arrive at the Greentree Tavern and you notice a man in front with a gun in his hand looking about. About 50 yards away is a group of six or eight people looking at him. What action would you take?

Agent W. S. McKINLEY led this discussion.

The examination brought a very interesting discussion on the cooperative functions of the FBI.

I forcefully brought to the attention of the Agents the need of having more applicants for the FBI NPA and of the Bureau's desire to be kept informed at all times of training programs contemplated by any agency in this division or any other division of the Bureau.

I further discussed the Bureau's desire to aggressively deny or clarify derogatory press comments or press articles concerning the Bureau in cases which it may be handling.

I likewise discussed the common errors which occurred in reports and brought to the attention of the Agents the thought of better organizing their work in order that there be no lost motion in conducting their investigations.

The escape of the two Federal prisoners from Alcatraz was discussed with instructions that all Agents bring this to the attention of their confidential informants.

Likewise, it was strongly brought to the attention of the Agents that the confidential informants file and sources of information file at the Pittsburgh Office must be improved.

The Director's viewpoint on discipline was also brought to the attention of the Agents and it is believed that the discussion had with reference to police contacts, salesmanship in the Bureau, cooperative functions of the Bureau, et cetera, did much good.

SUGGESTIONS -

1. Special Agent G. A. HEASE suggested that in the HATTEN case the Bureau give consideration to having confidential informants circulate among the hoboes or transients in an effort to ascertain information as to who is responsible for this crime, his suggestion being on the theory that responsible transients might be able to obtain this information during their travels which would be closed to other persons making inquiries who are not members of the hobo fraternities.

Dear Mr. Nease:

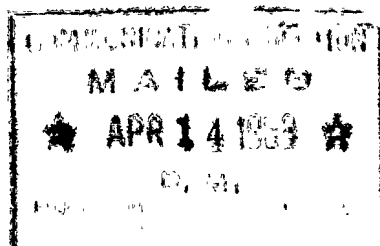

I have noted in connection with the Quarterly Conference held in the Pittsburgh Office on March 27, 1939, that you suggested it might be advisable in the Mattison case for the Bureau to give consideration to having confidential informants circulate among homes or transients in an effort to ascertain the identity of the kidnaper.

I want you to know I sincerely appreciate your interest in this case as evidenced by the suggestion you have advanced. However, from the inception of the case reliable informants who have been available have been utilized in so far as possible in the connection you have in mind, and to date have been unable to develop helpful data.

Dear Sir:

Agent NEASE entered on duty at the Pittsburgh Office, his first office of assignment, on February 5, 1939.

He is neat in appearance and makes a good impression on persons with whom he comes in contact. I have noticed a gradual improvement in the mannerisms of this Agent in that he is attaining confidence and is not quite as reserved in his manner and actions as he was when he first reported to this office. He is more mature in his actions than his actual age.

This Agent has performed his work with vigor, turning out a good volume of work, and has handled more than the average amount of work performed by a new Agent. He has exhibited enthusiasm, common sense, and judgment in the handling of cases. His report and paper work are good. He has displayed a willingness to learn and during this period has been given a wide variety of work in order to help broaden him as a Special Agent. He has attended different sessions of the Grand Jury, various Commissioner's hearings, and recently testified to the recovery of certain securities in the case entitled [redacted] was et al; THE PEOPLES NATIONAL BANK OF CLINTONVILLE, PA., BANK ROBBERY, at which time he presented himself in a satisfactory manner, and makes a good witness in that he is heard throughout the courtroom and makes a good impression upon those listening.

REMARKS

Upon the conclusion of the new agents training school, Assistant Director Clegg indicated that Agent Nease is enthusiastic, tactful, reliable and willing to accept responsibility. He got off to a rather slow start in the school and subsequently gained confidence. He has a rather easy-going mannerism, and his Special Agent in Charge should undertake to set an example of alert physical and mental activity. Mr. Clegg indicated that he would rate this employee above average in loyalty, neatness, attitude, diligence, mechanical skill, marksmanship, ability to judge physical descriptions, photographic work and as about average in self-control, cheerfulness, arrest technique, practical performance in the laboratory, interviewing, self-expression, dictation and general physical qualifications.

In the efficiency report submitted on Mar. 10, 1939, SAC Sears indicated that Nease has performed his work with vigor, turning out a good volume of work, and handled more than the average amount of work performed by a new agent. He has exhibited common sense and judgment in the handling of his cases and his reporting and paper work are good.

He has displayed enthusiasm and a willingness to learn. Mr. Sears rated him as fair.

In the efficiency report dated May 1, 1939, SAC Sears indicated that Nease is somewhat reserved in his manner and actions and appears more mature than his actual age. Mr. Sears has assigned Nease a variety of cases and he has attended Grand Jury and various Commissioner's hearings during the time he has been in the Pittsburgh Office. His work on War Risk Cases has been good; he is cautious in his work and will seek advice when necessary. Mr. Sears believes he would be dependable on dangerous assignments. Nease has not yet been assigned to accounting work.

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Agent NEASE has been assigned to the Pittsburgh Office since February 5, 1939. He is neat in his appearance, makes a good impression on persons with whom he comes in contact, though somewhat reserved in his manner and actions, and appears more mature than his actual age.

This Agent has performed his work with vigor, turning out a good volume of work, and handled more than the average amount of work performed by a new Agent. His work on WRI cases has been good and I have attempted to assign to him different types of work to broaden him as an Agent before he takes up the duties of Agent (A). He is cautious in his work in that he will seek advice.

This Agent has exhibited the proper training in the use of the Bureau's firearms, technical equipment, and Manuals. He is a good automobile driver. I believe he would be dependable on dangerous assignments.

Since reporting on this Agent on March 10, 1939, he has steadily progressed and his services are entirely satisfactory. However, in view of the lack of broad investigative experience, including involved cases, I am giving him the rating of FAIR.

This Agent's ninety-day period of training is about to terminate as a Special Agent, and it is believed that if he progresses in proportion in his accounting work as he has in his Agent's work that he should soon be entitled to the rating of Good.

Since that time he has been assigned, for the most part, to assisting Special Agent [redacted] in the investigation involving Federal Judge Matthew T. Abruzzo. The portion of the investigation in which Special Agent Nease has assisted has involved an examination of the books, records, and cancelled vouchers of the Joe Low Corporation. In performing this work Agent Nease has exhibited that he is aggressive and resourceful, he exhausts all of the possibilities of his examination, and Agent Stern tells me that he does ask questions and his questions reflect thought and logic. He has not had a great deal of practical experience in accounting work, and it will be necessary for him to receive further experience under the supervision of an experienced accountant before undertaking accounting investigations unassisted.

He is rather quick in grasping things, concentrates on his work, accepts assignments readily, and is a willing worker. It is believed that he will develop into a capable accountant after he has had more experience in diversified accounting cases. His work in the New York office has been entirely satisfactory, and I consider him to be a good employee.

Very truly yours,

P. E. FOXWORTH
Special Agent in Charge.

PERSONAL AND CONFIDENTIAL

Mr. Gordon A. Nease
Federal Bureau of Investigation
United States Department of Justice
607 United States Court House, Foley Square
New York, New York

Dear Mr. Nease:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Washington, D. C. on April 25, 1940.

The following physical defects are noted therein:

Defective vision Left 20/30, Right 20/30 -
corrected to 20/20 in each eye
Underweight (Constitutional type)

The Board of Examining Physicians recommends that you be inoculated for typhoid and vaccinated for smallpox and states that you are capable of performing strenuous physical exertion. It reports that you have no defects which would interfere with your participation in raids or other work involving the practical use of firearms.

In connection with your underweight, it is desired that you make a concerted effort to increase your weight and advise the Bureau from time to time as to the progress being made by you. For your information, it was determined through this examination that your blood is International Type "O".

Sincerely yours,

John Edgar Hoover

MEMORANDUM FOR THE DIRECTOR

IN-SERVICE TRAINING COURSE #21
April 22, 1940 to May 4, 1940

RE: G. A. NEASE
SPECIAL AGENT (A)

This Special Agent attended the In-Service Training Course #21 which began on April 22, 1940 and concluded on May 4, 1940.

Nease is twenty-six. He has been in the field for one year and prior to that time was a clerical employee in the Bureau. Nease went out of the New Agents Course with good prospects for development. He has justified this and has developed splendidly. He is sufficiently aggressive. His principal need was to develop a better contact quality. He has been in the past too reserved, but he has gotten over this to a great extent. He still has considerable distance to go before he will be above average from the standpoint of mixing, but I think he will eventually develop the satisfactory degree of contact qualities.

This Special Agent attained the following grades:

Plant Protection Examination	100
Espionage Examination	98
Notebook	Excellent
Hip Shooting	95
Practical Pistol Course	91
Shotgun	97
.30'06 Rifle	82
.351 Rifle	96

REMARKS

SAC Foxworth states this agent creates a very good impression; is neat in appearance and has a pleasing personality. Since his assignment to the New York Office he has assisted in the judicial investigation and some minor accounting matters, as well as general assignment. In his work he has exhibited that he is aggressive and resourceful, and he approaches his work intelligently. He has received only a limited practical accounting experience, for which reason it is still necessary to assign him to work with an older accountant. He seems to be mentally alert; can readily grasp what is desired in an investigation; is industrious and enthusiastic, and exhibits an excellent attitude. He is dependable, resourceful and entirely loyal, and will continue to develop. There have been no indications of executive or administrative ability.

Upon the conclusion of the In-service School on May 4, 1940, Mr. Hince indicated that this agent has

EXECUTIVE CAPACITY: Executive ability; leadership; capacity to direct, control, and influence others in proper performance of duties.

Rating GOOD

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Special Agent Nease creates a very good impression, is neat in appearance, has a pleasing personality. Since assignment here he has assisted in the judicial investigation, and some minor accounting matters, as well as general assignment. In his work he has exhibited that he is aggressive and resourceful, and he approaches his work intelligently.

He has had only a limited practical accounting experience, for which reason it is still necessary to assign him to work with an older Special Agent Accountant, and it will require some time yet before he is able to perform accounting investigations of all types unassisted. He seems to be mentally alert, can readily grasp what is desired in an investigation, is industrious and enthusiastic, and exhibits an excellent attitude. I feel that he is dependable, resourceful, and entirely loyal, and that he will continue to develop. I have noticed no indication of executive or administrative ability upon his part.

There has been no opportunity to observe this Agent testify. He is qualified in the use of firearms, operates an automobile, and is good indication.

Have the contents of this report under the heading "Remarks" been read in full to the employee to whom they relate, and has the employee been informed as to the status reflected on the reverse side of this report? Yes.

Dear Sir:

It has been noted from your monthly field report for June, 1940, that the above Special Agent Accountant upon reporting to your office was assigned to general investigative duties.

This Agent was transferred to Louisville for the specific purpose of receiving accounting training, and in the absence of emergencies his work is to be restricted to accounting assignments until such time as he is able to conduct accounting investigations without assistance.

RE: SPECIAL AGENT (A) G. A. NEASE

Dear Sir:

The following constitutes my special efficiency report regarding the above named Agent, who left this office on transfer to the Louisville Division on June 27, 1940.

Agent Nease spent a considerable portion of the period at this office on the investigation of espionage and related matters. He was on the Bifront case, and participated in a number of surveillances and plants in espionage matters. During the last five weeks of his assignment here he performed accounting work on a Court of Claims case.

His accounting experience here has been limited to this case, a judicial investigation which involved some accounting work, and some bankruptcy cases.

Agent Nease has given his supervisor a very favorable impression, being enthusiastic, dependable, loyal, and mentally alert. He is rated as an average accountant at the present time, and with additional experience should develop into an above average accountant.

He has had no experience in testifying at this office, is qualified in the use of firearms, has good dictation ability, but up to the time of his transfer had indicated no ability along executive or administrative lines.

RE: GORDON A. NEASE,
Special Agent (A).
Special Efficiency Report.

Dear Sir:

This special efficiency rating is being submitted on the above named Agent in view of my transfer from the Louisville Field Division.

This Agent has been attached to this office only since June 28, 1940, consequently my observations of him must necessarily be limited. I do believe, however, that he presents a very active, wide awake and energetic attitude and is well acquainted with the Bureau's work. I am not in a position to comment upon his accounting ability, but from the manner in which he has attacked the assignments given him, I am certain that he will meet with success.

Agent Nease is presently assisting Special Agent (A) F. C. Culberson in the investigation of a National Bank Act case, and I feel the experience he will gain from this work will be of benefit both to him and to the Bureau.

This Agent reflects a conscientious attitude, appears to be serious minded, and perhaps could indicate a more sociable personality. He is a good typist, but I am unable to comment upon his ability to testify.

MEMORANDUM FOR MR. TOLSON

Re: Personnel Conditions,
Louisville Field Division.

With reference to the attached letter dated July 6, 1940, from SAC Guerin requesting one of the newer Accountants be transferred from the Louisville Field Division, you are advised I do not agree with Mr. Guerin. He indicates there is insufficient accounting work in the area to warrant the assignment of three Accountants.

For your information, only one of the Accountants in the district is experienced. In a letter from Louisville, dated July 15, 1940, Mr. Guerin indicated SAA [] needs additional experience for about six months where he can consult with an experienced accountant. His experience to date has been limited, and under the circumstances he is not ready to conduct any type of accounting investigation without assistance. With reference to the other new Accountant, Mr. A. Hease, recently transferred to the Louisville district, this Accountant was transferred out of New York City for the specific purpose of being placed in a district where he could receive accounting experience - that received by him in New York was practically negligible. This man will not be ready for many months to conduct investigations without assistance, and until such time as he is ready he should be kept under the supervision of the one experienced Accountant in the Louisville district.

Dear Sir:

//G A Nease//

In accordance with the instructions outlined in Bureau letter dated July 3, 1940, I desire to submit my opinion as to the value of the respective Agents now attached to this office, as indicated by the list outlined below. I want to point out that I have designated Special Agent F. E. Hurley as the Agent possessing the greatest value to the Louisville Field Division primarily because of his contacts here, his knowledge of conditions, and his ability to obtain information. I do not by this rating, however, desire to give the impression that Agent Hurley is administratively or executively the best Agent in this office.

RE: GORDON A. NEASE
Special Agent (A)

Dear Sir:

Reference is made to Bureau letter dated August 26, 1940, the concluding paragraph of which instructs me to submit a report on each accountant assigned to this office who has been in the service two years or less, reflecting the steps I have taken to insure that this employee receives adequate experience in accounting work.

Agent NEASE entered on duty November 1, 1938. It is my understanding that prior to his assignment to the Louisville Field Division this Agent had had very little accounting experience in the Bureau, inasmuch as he devoted most of his time to National Defense Investigations while assigned to the New York Field Division.

Since the receipt of reference letter this Agent has spent practically all of his time conducting accounting investigations except in particular instances involving only a day or so when it became necessary in view of Bureau instructions to have Agent NEASE conduct investigations of a general nature regarding expedite matters. He and Special Agent (A) [redacted] have just completed an extensive investigation in the case entitled [redacted] - Former Employee, Bank of Maysville, Maysville, Kentucky, FEDERAL RESERVE ACT (FDIC), Bureau file 29-9178. Inasmuch as this case presented the only large outstanding accounting case in this office, I assigned both Agents NEASE and SHEPPARD to perform this accounting investigation.

b6
b7C

It was my opinion in view of the inexperience of these Agents that both would benefit materially by conducting a joint investigation in this matter. It has been noted that these Agents did assist each other considerably in the accounting investigation of instant case.

Dear Sir:

RE: G. A. NEASE
Special Agent (A).

Reference is made to Bureau letter dated November 12, 1940,
Bureau file 67-50942.

This accountant has worked on two accounting cases since my assignment here to the Louisville Field Division. He performed work in the case entitled [redacted] Cashier, Bank of Moreland, Moreland, Ky., 4/17/40, FEDERAL RESERVE ACT, FDIC Bank, with Special Agent (A) [redacted]. At that time he made satisfactory progress in handling the accounting phases of that case.

Agent NEASE and Special Agent (A) [redacted] then jointly performed an accounting investigation in the case entitled [redacted] Former Employee, Bank of Maysville, Maysville, Ky., FEDERAL RESERVE ACT, FDIC Bank. The accounting work in that case has been brought to a conclusion and satisfactory evidence has been developed against the Subject. The United States Attorney has indicated that as a result of the investigation of the Maysville case, the matter will be presented to the next appropriate Federal Grand Jury. I would describe his work in the Bank of Maysville case also as being satisfactory.

It should be noted that Agent NEASE has been on special assignment in the Detroit Field Division since October 15, 1940.

Agent NEASE is capable of performing accounting investigations in all cases of National Bank Act violations. I have not had an opportunity to observe him working on any other type of accounting investigation.

MEMORANDUM FOR MR. TOLSON

RE: GORDON A. NEASE
Special Agent (A)

Entered on Duty - March 1, 1935, Clerical Employee
November 1, 1938, Special Agent (A)
Present Grade and Salary - CAF-9, \$3300
Office of Assignment - Louisville, Kentucky
Marital Status - Single.

A telegram has been received from Special Agent in Charge Bugas advising that the above employee has received his Selective Service Questionnaire. It is noted that Agent Nease is on special assignment in Detroit at this time.

This employee, after entering on duty in a clerical capacity, was first assigned as a typist in the Little Rock, Arkansas, office. He was subsequently transferred to the Chief Clerk's Office in Washington, D. C., and was working in the Director's Office at the time he was offered an appointment as Special Agent. He received an excellent efficiency rating during the years of 1936, 1937 and 1938. His progress as a Special Agent has been very satisfactory. Agents in Charge under whom he has worked have reported that he has exhibited aggressiveness, is resourceful, concentrates on his work, and will develop into a capable accountant. He was assigned to special investigative work while working in the New York Office, which work he performed very satisfactorily. It is noted that he has completed the Bureau's accounting course.

There is attached hereto a memorandum for Mr. McGuire together with D.S.S. Form 42 in the event the Director desires to recommend this Agent for deferment because of occupation.

I am the Assistant to the Attorney General, United States Department of Justice.

The Federal Bureau of Investigation, United States Department of Justice, has been designated by the President to take charge of investigative work in matters relating to espionage, sabotage and violations of the neutrality regulations. This Bureau is also charged with the duty of investigating other matters bearing upon the maintenance of the internal security of the United States. The duties thus imposed upon this Bureau constitute a vital function in the national defense program of this country.

Gordon A. Nease is a trained Special Agent and has been continuously employed by the Federal Bureau of Investigation since March 1, 1935. He cannot be replaced satisfactorily because of the shortage of persons with his qualifications and experience in such activity, and his removal for induction would cause material loss of effectiveness in the conduct of the national defense work of the Federal Bureau of Investigation.

This special efficiency report is being submitted on the above agent in accordance with the instructions contained in Bureau letter dated November 14, 1940 addressed to all Special Agents in Charge, calling for a special efficiency report on all Special Agents presently in grade CAF 9, and who entered upon duty as Special Agents on or before January 1, 1940.

This agent has been under my supervision at the Louisville Field Division since my assignment to this office on August 12, 1940. For approximately one month subsequent thereto, this agent has been on special assignment in connection with plant protection work at the Detroit Field Division. He has had practically no accounting experience prior to his assignment to the Louisville Field Division. Since that time, however, with the exception of the period when he was in the Detroit Field Division on special assignment, this agent has spent practically all of his time conducting accounting investigations. He and another accountant recently completed an extensive accounting investigation and he performed his work satisfactorily in connection with that matter. Prior to that time he work an accounting investigation with an older and experienced agent in an involved bank matter. I believe that his progress to date has been satisfactory and I believe that he is capable of performing accounting investigations without assistance in bank matters. I have not had occasion to observe his accounting investigative ability into any other type of accounting work with the exception of National Bank Act investigations.

This agent is an enthusiastic worker and performs a considerable amount of overtime work. His personal appearance is satisfactory, although he is somewhat reticent, he is a good conversationalist. I believe also that he is a firmly, loyal

employee to the Bureau. I consider that he has a satisfactory knowledge of the Bureau's work and he exercises good judgment considering the length of time that he has been a Special Agent. I have observed that he employs a good investigative technique in general criminal investigative matters. He has a better than average amount of technique and judgment in National Defense investigations, which is probably attributed to the experience he had in this type of work when assigned to the New York Field Division. He possesses more than an average amount of initiative and has furnished me on more than an average number of occasions with suggested procedures to be followed in the Louisville Field Division. I believe that he possesses an average amount of tactfulness.

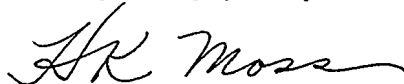

I have not had occasion to hear this agent testify in court.

I believe that he is capable of performing dangerous assignments which conclusion I have reached after observing his activities in connection with a raid which I supervised and in which this agent participated. I have observed also that he has a satisfactory knowledge of the use of firearms, based upon my observation of his activities while on the firearms range. I believe he is a satisfactory automobile driver and he is a good typist. He exercises an average amount of care in the preparation of his reports, although in a few instances he has had to have his reports corrected.

I believe this agent will develop into a better than average employee.

I hesitate to state at the present time he possesses supervisory ability, but I anticipate in the future with a little more experience this agent can be said to possess such ability.

Very truly yours,

SAC Moss reports this agent to have had little or no accounting experience until recently. Due to recent experience he feels that he is presently capable of performing accounting investigations without assistance in bank matters but can make no recommendation in connection with other types of accounting cases. He considers him enthusiastic, performs a considerable amount of overtime, has a satisfactory personal appearance, somewhat reticent, but is a good conversationalist. He considers him loyal, exercises good judgment, possesses initiative, has average tact, capable of performing dangerous assignments, a good typist, satisfactory automobile driver, and very capable in connection with National Defense investigations. SAC Moss recommends that this Special Agent be placed in line for an increase in salary. There are three CAF-9 employees at this office and this agent is rated as number one in relative efficiency.

Under the date of July 8, 1940, SAC Sackett reported this agent as being enthusiastic, dependable, loyal, and mentally alert. He rated him as an average accountant at that time, but stated with additional experience he should develop into an above average accountant. He reported no indication of executive or administrative ability.

Under the date of July 24, 1940, SAC Guerin reported this agent as presenting a very active, wide-awake and energetic attitude but, perhaps, could indicate a more sociable personality.

Respectfully,

RE: G. A. NEASE
Special Agent (A)

Dear Sir:

With reference to Bureau telegram to the Louisville Field Division dated March 19, 1941, inquiring as to why Agent NEASE has not proceeded to the Memphis Field Division on transfer, please be informed that Agent NEASE has not been assigned any new work for approximately the past twenty-one days, but has been exclusively engaged in dictation and reviewing certain prominent national defense cases, which have been assigned to him. These national defense cases are being reassigned to another Special Agent, and Agent NEASE has also been conferring with the Agent to whom these cases are presently assigned relative to the various ramifications of those cases.

Agent NEASE has also had considerable dictation and reviewing to do in view of the fact that he was handling generally all Selective Service cases and Internal Security cases assigned to police agencies in the Louisville Field Division.

I shall exert every possible effort with a view to having Agent NEASE depart from the Louisville Field Division on transfer by April 1, 1941. In this connection the Bureau's attention is respectfully called to a letter from the Louisville Field Division to the Bureau dated March 19, 1941, in the case entitled [redacted] alias

[redacted] SABOTAGE, in which recommendations were made regarding certain surveillance work. Agent NEASE is conversant with the case involved and if the Bureau approves the surveillance suggested it would be extremely profitable for Agent NEASE to participate in this surveillance work, in view of his extreme familiarity with the facts of those cases.

In the event the Bureau approves the suggested surveillance, I shall again communicate with the Bureau concerning the use of Agent NEASE

on such surveillance and the Bureau's decision may alter somewhat the anticipated departure date as set forth above.

For the information of the Bureau also please refer to letter from the Louisville Field Division to the Bureau dated December 9, 1940, regarding Agent NEASE, in which I indicated that owing to the fact that Special Agents F. X. JAHN and F. E. HURLEY were away from the Louisville Field Division on special assignments, the services of Agent NEASE would be used on general assignment unless instructed to the contrary.

At approximately the same time the Louisville Field Division was notified of Agent NEASE'S transfer to the Memphis Field Division, Special Agents JAHN and HURLEY resumed general investigative work in the Louisville Field Division, however, Agent did not return to the Louisville Field Division and has since been transferred.

Re: G. A. NEASE,
SPECIAL AGENT (A)
SPECIAL EFFICIENCY REPORT

Dear Sir:

This special efficiency report is being submitted on Special Agent NEASE in view of his transfer from the Louisville Field Division to the Memphis Field Division.

I consider this Agent to be a reliable, trustworthy, capable, and loyal Bureau employee. In my opinion, he possesses supervisory ability and a good knowledge of the Bureau's policies and activities. He is capable of supervising and conducting involved investigations, and exercises good judgment and investigative technique. He has exhibited good adaptability to national defense investigations.

His experience in accounting work has been limited, and in my opinion, while he is capable of handling the usual type of bank case, he would probably encounter some difficulty in the handling of any involved accounting investigation. He seems to be more keenly interested in general criminal investigative work than in accounting work, and he has less self-confidence in accounting investigations than he has in general criminal investigations.

He has obtained good results in interviews and interrogations, and he has been primarily responsible for the development of an excellent confidential informant in the Communist Party. I have taken him on a dangerous assignment and he has performed satisfactorily. His demeanor on the firearms range is satisfactory. He exhibits average familiarity with firearms. He is a comparatively good typist and knows a limited amount of shorthand. He drives an automobile with average ability. His dictating ability is satisfactory. He has been used for limited periods on the desk of the Special Agent in Charge, and I suggest that he be afforded more opportunity along that line.

I consider him to be average with respect to the following characteristics: Initiative, tact, enthusiasm, personal appearance, personality,

volume of work performed, tenacity, and aggressiveness. I consider him to be slightly below average with respect to forcefulness; and above average with respect to knowledge of Bureau's work and policies, judgment, knowledge of sound equipment, and knowledge of Field Office administration. I have not heard him testify in court.

My opinion is that this man is developing into a better than average Special Agent.

Dear Mr. Nease:

I desire to acknowledge receipt of your letter dated March 30, 1941, relative to your desire that your status be changed from Special Agent Accountant to Special Agent.

It has been noted you desire a change in classification due to the fact you have received only limited accounting experience. You, of course, realize that during the present emergency, with limited personnel, it has been necessary for many of the Accountants to be assigned for considerable periods to general investigative work. As instructions were recently issued to both the Louisville and Memphis Field Divisions that your assignments in so far as possible be restricted to accounting, I believe you have now received a considerable amount of accounting experience.

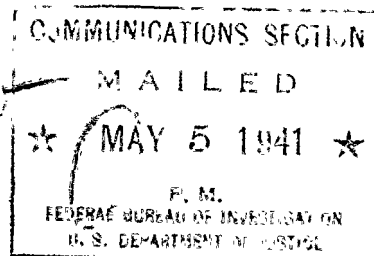

I do not believe for the best interests of the service that relocations should be made from Special Agent Accountant to Special Agent, or vice versa, and under the circumstances it appears your best work can be done in that particular field of the Bureau's work for which you are educationally qualified.

Sincerely yours,

Mr. John Edgar Hoover,
Director,
Federal Bureau of Investigation,
Washington, D. C.

Dear Mr. Hoover,

After considerable thought, and with the best interests of the Bureau foremost in mind, I feel it my duty at this time to discuss with you my present status with the Bureau. I would, of course, have preferred to discuss the matter with you personally, but not knowing when such an opportunity might present itself, feel it advisable to approach the matter by letter.

As you are no doubt aware, it has been my good fortune to have been an employee of the Bureau since March 1, 1935, and to have entered on duty as a Special Agent (A) on November 1, 1938. Since becoming a Special Agent I have been assigned to the Pittsburgh, New York, and the Louisville Field Offices, and am presently under transfer to the Memphis Office, and have been on Special Assignment at the Detroit Office doing plant survey work. Although I am now classified as an Accountant I have done very little accounting work in the Bureau, and as a matter of fact, have never submitted a report on an accounting investigation. My work primarily has consisted of General Assignment, with the greater portion of my time being spent on National Defense Investigations.

With the above in mind it is thought that you might consider the desirability at this time of changing my status from that of a Special Agent Accountant to that of a regular Special Agent. In this regard I wish to state that this suggestion is made only because I feel that at the present my services will be of considerable more value to the Bureau as a regular Special Agent than as a Special Agent Accountant.

I, of course, am familiar with your previous desires, so far as such a change in status is concerned, but feel that in view of my rather extensive experience in general assignment and National Defense matters during the past two and a half years, and with the fact in mind that the Bureau is in

I have no objection but I do think it strange that a man appointed as an accountant in 1938 hasn't he called upon to do an accounting investigation in over 2 years. What is the general situation re this? A

need of experienced agents at this time in handling general and National Defense matters, you might desire to consider a change in my status. As before stated I conscientiously feel it my duty to call this matter to your attention for whatever consideration you deem appropriate.

Please be assured, however, that regardless of the type of duties to which you deem advisable that I be assigned in the future, I shall continue to put forth my utmost efforts to perform those duties to the best of my ability, and in a manner which I trust will reflect credit upon the Bureau.

FEDERAL BUREAU OF INVESTIGATION	

Mr. Nease entered on duty as a temporary employee at the Little Rock Field Division on March 1, 1935. He was made permanent, effective April 26, 1935; and inasmuch as he was interested in attending night school with the idea of later becoming a Special Agent, he was transferred to the Bureau at Washington in July, 1935.

While Mr. Nease was assigned to the Little Rock Field Division, Mr. Conroy reported that he consistently reported to the office in the early afternoon, although he was on the night shift, and had performed a large amount of voluntary overtime. He stated he showed enthusiasm and interest in his work and would develop into a valuable employee for the Bureau with more experience and proper supervision. SAC Shivers, at Little Rock in May, 1935, stated Mr. Nease was a promising young man, had a good appearance, applied himself diligently to his work and attended strictly to his duties. While assigned to Little Rock, Mr. Nease made a suggestion that disposition sheets be issued in duplicate, the original white sheet for the Bureau and the duplicate yellow copy for the Field Office. The Bureau's appreciation was expressed to Mr. Nease for this suggestion. Mr. Nease's transfer became effective July 21, 1935, and he was assigned to the Chief Clerk's Office.

Mr. Nease was assigned to handle the physical examinations afforded Special Agents at the Public Health Service and in February 1936, Mr. Clegg reported he had taken a physical examination and that Mr. Nease, who performed the clerical duties incidental to the examination, was very much on the alert and makes arrangements to push the Bureau's employees ahead of some of the others who had arrived even earlier. Mr. Clegg stated that Mr. Nease was doing a good job and had learned quite a bit of the routine and is able to handle some of the less technical work himself. While assigned to the Chief Clerk's Office, Mr. Nease was designated to take tours through the Bureau. Mr. Richard A. Mahar, a Washington attorney, wrote the Director in November 1936, that he and a visitor of his had been escorted through the Bureau by Mr. Nease and commended the manner in which Mr. Nease handled the assignment. Congressman Rees wrote Mr. Nease in March, 1937, that he appreciated very much the

courtesies that were extended to him on a tour and also indicated that the visit was very interesting and quite instructive. Miss Josephine Clevenger of the Central Senior High School in Muncie, Indiana, also wrote Mr. Nease in April, 1937, expressing appreciation for a pleasurable afternoon spent in the Bureau on a tour. The Director wrote Mr. Nease on July 16, 1937, expressing appreciation for the excellent manner in which the tours for the Boy Scouts Jamboree were handled. Mr. Crowl in August 1937, stated that Mr. Nease's services in the Chief Clerk's Office were entirely satisfactory.

On August 4, 1937, Mr. Nease was transferred to the Director's office. The Director wrote him in August, 1937, expressing appreciation for voluntarily helping in connection with the autographed photographs sent out after the Boy Scout Jamboree. Mr. Tracy on September 7, 1937, stated Mr. Nease had shown an aptitude for the telephone work in the Director's Office and for approximately two weeks had been assigned to assist Mr. Kleinkauf on the telephones, and in his opinion, he would develop into a suitable employee for a permanent assignment on this work. Alert and industrious, Mr. Tracy believed with further experience, he would develop. The Director wrote Mr. Nease on October 11, 1937, expressing personal thanks for calling to the attention of the Bureau, the conversation Mr. Nease had with a barber in Little Rock who was supposed to be acquainted with fugitive, Irving Charles Chapman. On October 25, 1937, Mr. Tracy recommended that Mr. Nease be reallocated to Grade CAF-4, \$1,800, and this was personally approved by the Director.

Mr. Nease, on February 14, 1938, wrote an explanation to the Director concerning the illness of Mr. Tamm's mother. The notation on this memorandum by the Director was to the effect that there was no excuse for such utter carelessness in the manner in which Mr. Nease handled it. The Director indicated he had specifically asked for the information and his request had been completely ignored. The Director stated that if there were any more derelictions in his office, he was going to order some transfers. A letter was addressed to Mr. Nease by the Director on February 9, 1938, expressing appreciation for Mr. Nease's letter advising of the administrative deficiencies existing in the Little Rock office. On June 25, 1938, Mr. Nease suggested that at the beginning of each Retraining class, it be suggested to the members present that those desiring to see the Director, should put in their requests at an early date. The Director approved this and stated it would have to be done. On August 20, 1938, Mr. Nease wrote a memorandum to the Director advising he wanted to be considered for the position of Special Agent Accountant and the Director indicated he should be referred for an examination. Mr. Tracy stated on August 23, 1938, that he had an opportunity to carefully observe the work of Mr. Nease and that in his opinion, he was a conscientious, sincere, willing and alert employee. He stated he believed Mr. Nease would develop in the Service as a Special Agent. He recommended favorable consideration of his application. Mr. Nease was interviewed and recommended favorably for the position of Special Agent Accountant by Mr. Crowl. He had received a Bachelor of Commercial Science from Benjamin Franklin University in June 1938. He was afforded a physical examination which reflected uncorrected vision of 20/25 in both eyes, corrected to normal vision with glasses. The Naval Hospital doctors also reported defective hearing right ear 15/15 and left ear 8/15. It was also suggested that a portion of the deflected nasal septum be removed. Mr. Nease was advised of the foregoing and also that he was underweight, but that he was capable of performing strenuous physical exertion.

Mr. Nease entered on duty as a Special Agent on November 1, 1938. On November 12, 1938, the Director personally wrote a letter to Mr. Nease, expressing appreciation for the efficient manner in which his duties had been performed while in the Director's Office, as well as the loyalty which he manifested during the assignment. On completion of the Training school, Mr. Nease was reported by Mr. Clegg to be enthusiastic, tactful, reliable, and willing to accept responsibilities. Mr. Clegg indicated that he got off to a rather slow start in the school and subsequently gained confidence. He has a rather easy going mannerism and his Special Agent in Charge should undertake to set an example of alert physical and mental activity. Mr. Clegg stated he would rate this employee above average in loyalty, neatness, attitude, diligence, mechanical skill, marksmanship, ability to judge physical descriptions, photographic work and about average in self-control, cheerfulness, arrest technique practice, practical performance in the laboratory, interviewing, self-expression, dictation and general physical qualifications. Mr. Nease was ordered to the Pittsburgh Field Division at the completion of Training school and arrived there February 5, 1939. In a conference at the Pittsburgh office in April 1939, Mr. Nease suggested, in connection with the Mattnap case, that the Bureau give consideration to having confidential informants circulate among the hoboes and transients in an effort to ascertain information as to who is responsible for this crime. The Bureau in a letter dated April 14, 1939, expressed appreciation for this suggestion, but stated from the inception of this case, reliable informants who have been available have been utilized in so far as possible in the connection Mr. Nease had in mind.

On May 29, 1939, SAC Sears of the Pittsburgh office reported this Agent was more mature in his actions than his actual age. It was stated his work on various cases assigned to him had been good, that he had indicated investigative ability on War Risk Insurance cases and recently participated in involved investigations which he had handled in a satisfactory manner. Sears stated Mr. Nease's services were entirely satisfactory and his services while assigned to the Pittsburgh office entitled him to the rating of good. In the May 1, 1939, efficiency report, SAC Sears indicated that Nease was somewhat reserved in his manner and actions, was cautious and will seek advice when necessary. Mr. Sears stated he handled more than the average amount of work performed by new Agents, had exhibited common sense and judgment and he rated him as being fair. Mr. Nease was transferred to New York City's Field Division on May 28, 1939. On June 27, 1939, Mr. Foxworth stated he was rather quick in grasping things, concentrates on his work, accepts assignments readily, and is a willing worker. Mr. Foxworth stated he thought he would develop into a capable accountant after he has had more experience and he considered him to be a good employee. Mr. Nease attended an In-Service School, concluded on May 4, 1940. He had developed splendidly in the Field. Mr. Hince indicated his principal need was to develop a better contact quality. It was stated he had been too reserved in the past but had gotten over this to a great extent. Mr. Nease was afforded another physical examination in April 1940, the only defect was underweight (Constitutional type) and his vision was corrected to normal. Mr. Nease received a rating of good in the May 1940 efficiency report. Mr. Foxworth stated Mr. Nease had received only a limited practical accounting experience and it was still necessary to assign an older accountant with him. Mr. Foxworth stated that there had been no indication of executive or administrative ability. Mr. Nease was transferred to Louisville Field Division on June 28, 1940, for the specific purpose of assigning accounting work to him. While in New York, he spent a considerable portion of his time on investigation of espionage

and related matter. Mr. Sackett said he had given his supervisor a very favorable impression and was mentally alert. He was rated as an average accountant and with additional experience, should develop into an above average accountant. No ability along administrative and executive lines were noted by Mr. Sackett. On July 24, 1940, Mr. Guerin reported Agent Nease had been at the Louisville office since June 28, 1940, and he believed Agent Nease presented a very active, wide awake and energetic attitude and was well acquainted with the Bureau's work. He was not in a position to comment upon his accounting ability. Mr. Guerin indicated Agent Nease could indicate a more sociable personality.

In a letter to the Director dated July 24, 1940, Mr. Guerin listed the Agents at the Louisville office which consisted of eleven, and Mr. Nease was rated last. On October 1, 1940, Mr. Tamm, in a memorandum to the Director, stated Agent Nease had completed the Bureau's accounting course with an average grade of excellent. On October 30, 1940, SAC Moss stated Agent Nease had been assigned to do as much accounting as possible. On November 12, 1940, the Bureau inquired of the Louisville office whether Agent Nease was able to conduct any classes of accounting investigation without assistance. In reply, SAC Moss stated Agent Nease was capable of performing accounting investigations in all cases of National Bank Act violations.

Mr. Nease received his Selective Service questionnaire and his deferment was requested by the Bureau as being a necessary man. On November 22, 1940, in a special efficiency report, SAC Moss indicated his progress to date had been satisfactory and he believed he is capable of performing accounting investigations without assistance in bank matters. It was indicated that Agent Nease had no occasion to perform other accounting investigations except in the Louisville office. Mr. Moss stated he was an enthusiastic worker and performed a considerable amount of overtime work. Personal appearance is satisfactory although he is somewhat reticent, he is a good conversationalist. Agent Nease was capable of performing dangerous assignments and he had reached this conclusion after observing him on a raid which SAC Moss conducted. Mr. Moss stated he hesitated to state that Nease possessed supervisory ability, but he anticipated that in the future, with a little more experience, this Agent can be said to possess such ability. Mr. Nease was given an increase in salary from \$3,300 to Grade-10, \$3,500, effective December 16, 1940.

SAC Moss on March 20, 1941, in explaining why Agent Nease had not arrived under transfer at the Memphis office, stated he had been exclusively engaged in dictation and reviewing certain prominent National Defense cases which had been assigned to him. Mr. Moss stated he intended to use Agent Nease on a surveillance and requested the Bureau's opinion in this regard, indicating the Bureau's decision may alter somewhat the anticipated departure of Agent Nease to Memphis. On March 26, 1941, the Bureau wrote to the Louisville office, stating Agent Nease should not be used on the surveillance and that his transfer to Memphis should be expedited. Agent Nease reported for duty at the Memphis office on April 3, 1941.

Respectfully,

MEMORANDUM FOR THE DIRECTOR

At a meeting of the Executive Conference on April 1, 1941, attended by Messrs. Tolson, Ladd, Foxworth, Carson, Hince, Glavin, Tracy and Pennington, the question of the reallocation of Special Agent (A) G. A. Negge to the position of Special Agent was considered and all were unanimously against any reallocation of Special Agent Accountants.

You will recall a number of Accountants during the past several months have requested reallocation, particularly in view of the fact they had performed more investigative work than accounting. Since 1938, when a Bulletin was sent to the Field restricting the activities of Accountants to five days per month on general investigative work, efforts have been made to assure the training of the newer Accountants in the service. Every month letters have been written to the Special Agents in Charge concerning the use of Accountants, particularly the newer ones, for extensive periods on general and special assignments. Notwithstanding instructions many of the newer Accountants have not received the proper amount of training, and the Conference believes if these men are to be developed on accounting work it will be necessary to discontinue the five-day rule and restrict Accountants to accounting work, with the exception of those specifically placed on special assignment by the Bureau as well as those acting in the capacity of Number One Men.

Re: G. A. Nease
Special Agent (A)

Dear Sir:

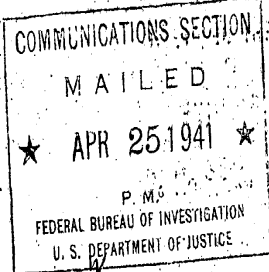

Reference is made to your Special Efficiency Report dated April 1, 1941, on the above Special Agent (A).

It is noted you indicate this Agent's experience on accounting has been limited and he would probably encounter some difficulty in handling involved accounting investigations.

Agent Nease was transferred to your office on June 28, 1940, for the specific purpose of obtaining accounting experience and you were advised of this fact on July 10, 1940, after your June, 1940, monthly administrative report reflected this Agent's being assigned to general investigative duties. Subsequently your attention was invited to the fact this Agent should receive accounting training, but notwithstanding my instructions you saw fit to use him to a large extent on general investigative work.

It is imperative all new Accounting Agents be given the necessary training within a limited period in order that they may develop as rapidly as possible. In the future when Accounting Agents are transferred to your district for accounting training that training and not be given general investigative assignments such as were given to Agent Nease while in your district.

Dear Mr. Campbell:

Under date of November 18, 1940, D.S.O. Form 42 was executed by Mr. Matthew F. McGuire, The Assistant to the Attorney General, in the case of Mr. Gordon M. House who is employed in the Federal Bureau of Investigation as a Special Agent. At that time he was granted deferment in Classification II-A by reason of his occupation.

I want you to know that Mr. House is still employed by the Federal Bureau of Investigation and it has been impossible during the past six months' period to effect any replacement. The work of the Federal Bureau of Investigation has increased tremendously due to matters directly affecting the national defense. As you are no doubt aware, the Federal Bureau of Investigation is charged with the responsibility of investigating all matters of a subversive nature and in this connection is cooperating to the fullest extent with the Army and Navy. I am very definitely of the opinion that Mr. House is serving his country as well, if not better, in his present position than he would be if inducted into the armed forces. If the Federal Bureau of Investigation is to function efficiently it is essential that trained personnel be retained in the service.

For your further information, it is necessary for this Bureau to thoroughly investigate the character and fitness of each individual being considered for appointment prior to the time that the actual appointment is made. It would be disastrous if even one individual was employed by this Bureau who was sympathetic with any cause inimical to the well being of the United States. We cannot be too careful in this regard. The induction of one experienced employee into the service means that many applicants must be interviewed and several of those interviewed must be carefully investigated before a replacement

can be found who meets the very rigid qualifications. Even after such an individual is determined to be qualified he, of course, does not have the experience and training which can only come from actual service in the Federal Bureau of Investigation.

Therefore, I desire to renew the request originally made by Mr. Matthew F. McGuire that Mr. Nease be granted occupational deferment in Classification II-A for another six months. You may be assured that in the event there is any change in his occupational status, I will promptly advise you. Thanking you for your cooperation in this matter, I am

While discussing other matters with SAC Kuhnelt of the Memphis Office, he advised me that Mr. Nease had been instructed to attend retraining school and also had been instructed to proceed to Washington on transfer. He stated that Mr. Nease had just begun an accounting case and wanted to know if he should be instructed to proceed to Washington for retraining or transfer. Mr. Kuhnelt advised the accounting case would be completed in about a week. I suggested he keep Nease there for about a week and then instruct him to proceed to Washington for transfer.

He also stated that Special Agent Plaxico had been instructed to proceed to Washington for retraining and that Mr. Plaxico was on an important assignment at this time from which he could not be released at the present time. I advised him it would be satisfactory to have Mr. Plaxico stay and we would call him at an early date for retraining.

Washington, D. C.

Dear Mr. Nease:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Washington, D. C., on May 14, 1941.

This report reflects the following physical defects:

Mild tachycardia (rapid heart action).
Defective vision of the right eye 20/30
- left eye 20/30; corrected to 20/20 in each eye.
Defective hearing in the left ear -
whispered voice 12/15; conversational voice 15/15.

The Board of Examining Physicians makes the following recommendations:

Inoculation for typhoid.
Vaccination for smallpox.

It reports that you are capable of performing strenuous physical exertion, and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

For your information, it was determined during this examination that your blood is International Type "O".

Sincerely yours,

 J. E. Hoover
